## WATSON FOUND NOT GUILTY OF BANK ROBBERY

### First Vote in Commons To Put Government Out If Premier Awaits Test

Conservatives Confident of Gaining Control Whenever They Challenge Right of Prime Minister to Remain in Office—Liberals Cannot Count on Undivided Support of Progressives and Independents

Ministerial Portfolios Go Begging; Progressives Believed Offered Posts

OTTAWA, Nov. 3.—With Conservatives now confident of winning Bonaventure, they expect to have at least 119 seats, and are certain of control of Parliament at any time they challenge the right of Premier King to retain office.

If Bonaventure remains in the Conservative column, this will leave 100 Liberals and twenty-seven Progressives, Laborites and Independents, providing Arthur Beaupre, Progressive, holds Provencal, which he appears certain of doing. There are in this group of twenty-seven at least ten, however, who will not vote confidence in the King Government, even if Robert Forke does. It is apparent then how impossible it will be for the Liberal administration to attempt to hold office beyond the vote on the address after the assembling of Parliament.

There are a number of ministers, defeated and undefeated, who recognize the inevitable and are urging Premier King not to risk discrediting completely the Liberal party by ignoring the expressed desire of the electorate. This group is a minority, as the Quebec ministers and members, and other defeated ministers, and members are determined to rule.

Owing to the impossibility of making important appointments many defeated ministers and members are not being re-elected to the inevitable and would ignore the popular verdict in a hope that the turn of events might give, if only temporarily, power to the King Government to fill existing vacancies and create others for those whose parliamentary careers are past.

It is still believed Premier King will cling tenaciously to power, at least until he is assured of his return to Parliament. The Cabinet will continue the post-mortem and by Thursday will have some announcement to make to his Excellency.

Premier Unable to Call Election

Constitutionally Premier King cannot secure the consent of his Excellency to dissolve Parliament and hold another election. It is very doubtful if the Premier desires this as outside Quebec there would not be a Liberal elected in an immediate contest. But in any event if the constitutional practice is followed Premier King must resign or carry on until defeated in Parliament, as he is not entitled to a dissolution.

His Quebec supporters openly declare here they will stop at nothing to prevent the election machinery being in the hands of their opponents. From the returns as reported the Conservative popular majority over the Liberals is enormous. Owing to the three-cornered contest and the large number of Conservatives and Progressives who under agreement either the Liberals or Progressives did not nominate candidates, it is difficult at present to compare the popular vote of the three parties. Many believe that the Conservative popular vote will almost equal that of the Liberals. Progressives and Labor combined, in all the provinces but Quebec and Saskatchewan, the Conservative popular vote will far exceed that of the other three parties and will nearly equal the Liberal majority over the Conservatives in Quebec and Saskatchewan.

### Sheean Carries Riffians' Peace Terms to French

Newspaper Correspondent Goes to Rabat as Krim Emissary—New Articles on Morocco War Awaited

PARIS, Nov. 3.—The Temps announces that the American newspaper correspondent, Vincent Sheean, who has been in the Rif as the representative of the North American Newspaper Alliance, has arrived at Rabat, Morocco, and is the bearer of Abd-el-Krim's peace terms, which he has agreed not to make public until he has submitted them to the French authorities.

The publication of the pending series of articles by Mr. Sheean, summing up the results of his two-month stay in the Rif, is awaited with interest here. The first of these articles will be published in Europe the latter part of the week, simultaneously with their appearance in America, by special arrangement with the North American Newspaper Alliance.

Mr. Sheean, on his previous visit to the Rif a year ago, came out with similar peace terms for Spain, which he presented to the Spanish Government at that time.

### Great Gale Injures 50 Liner Passengers

Waves Stand Berengaria on End—Three Men Lost From French Boat

CHERBOURG, Nov. 3.—Fifty or more passengers injured from the steamer Berengaria today with hand-grenades, arms in slings or aproned legs. They had received these injuries on the voyage from New York in the most terrific storm. In the captain's estimation, the ship has never encountered in her ocean career.

The tempest struck the Berengaria last Saturday and lasted twenty-four hours.

The sea ran mountain high. One terrific wave caused the ship to stand on end and such passengers and crew as were on deck were thrown violently off their feet. The commander of the Berengaria said that in all his thirty-two years at sea he never had seen weather equal to that experienced during this trip, culminating in the tempest of Saturday.

Smack Loses Three Men

PARIS, Nov. 3.—A violent gale has been raging in the English Channel and along the Atlantic coast of France during the last forty-eight hours. Fishing boats all have been obliged to run for port. The smack Rolon was caught in the storm off Dieppe and lost three of her crew when a huge wave combed her deck. Both air and sea traffic between France and England has been suspended.

### Secretary of State Of Delaware Feared Sea Disaster Victim

NORFOLK, Va., Nov. 3.—District headquarters of the coast guard announced tonight that information it has received indicated that the yacht of Mr. J. C. Elliott, Secretary of State for Delaware, and his wife, Mrs. J. C. Elliott, had been sighted near the mouth of Cape Fear River. The Oak Island station has been directed to search for hodies.

LAD MEETS DEATH ON TELEPHONE POST WHILE CELEBRATING ELECTION RESULT

THREE RIVERS, Que., Nov. 3.—While trying to tie a dummy to a wire at the top of a telephone pole to celebrate his candidate's victory, young Charles Omer Dauphinais, fifteen, son of D. D. Dauphinais, of St. Justin, County of Maskinonge, was hit by a high voltage current that set the dummy and young Dauphinais aflame.

### 300,000 British Miners Facing Workless Winter

SHEFFIELD, Eng., Nov. 3.—A grim winter in the coalfields, with 300,000 miners on short time or unemployed, was predicted here tonight by Chancellor Churchill. A Government subsidy could not secure immunity, he said, from economic facts and forces. There were too many miners, the costs of production were still too high, and nationalization would not solve the problem of the coalfields—how to make foreign buyers buy British coal if they can buy it cheaper elsewhere.

### Here's Where U.S. Exodus Jumps; Family of Sixteen Cross Boundary

SPOKANE, Nov. 3.—Traveling in four automobiles, Mr. and Mrs. Peter Vander Plante and their fourteen children will leave here tomorrow morning for Sacramento, California, which they intend to make their future home. They left Swift Current, Sask., October 21, for California.

Mr. Plante said the move will cost him \$2,000 and complained of high restaurant prices, saying a Sunday dinner for the family cost \$12 and that an extra cup of coffee for each totals \$1.60.

### Norwegian Sailor To Hang Jan. 18 For Ship Murder

VANCOUVER, Nov. 3.—Harold Berenssen, Norwegian sailor, was tonight sentenced by Mr. Justice D. A. McDonald, in assize court, to be hanged on January 18 next for the murder of a shipmate, N. Evadokoff, Russian sailor, aboard the steamship "Baltic" early in the morning of October 25. Evadokoff was stabbed to death while he slept. Berenssen's arrest followed.

### Return Shows Heavy Outlay On University

Actual Expenditures on Institution at Point Grey Has Been \$3,428,000 to Date, Return Shows

### Special Warrants For Large Total

FOLLOWING the notice of motion given by Mr. R. H. Pooley, Conservative leader, on Monday, that he would ask for a complete return from the Government regarding expenditures on and over-committments in connection with the construction of the University of British Columbia buildings, an exhaustive return was tabled yesterday by Hon. Mr. W. H. Sutherland, Minister of Public Works, containing answers to many of the questions asked by the opposition leader.

Total commitments, including contracts and other undertakings in connection with University buildings construction, totalled \$4,202,000, according to the return, and of this amount actual expenditures had reached \$3,428,000. The loan bill passed by the Legislature in 1920 was for \$3,000,000, which, following subtraction of brokerage commissions on redemption of the bonds, was reduced to \$2,548,000. During the last year special warrants totalling \$500,000 had been issued at the request of the Government by His Honor the Lieutenant-Governor, making the total of money available \$3,448,000. As expenditures a week or two ago had reached \$3,428,000, the \$20,000 balance must by this time have disappeared, it is thought, and it is anticipated that the Government will, at an early date, seek to provide for the excess commitments amounting to \$1,202,000.

Changes Were Wanted

The return shows that expenditures have been divided approximately as follows: Science building, \$550,978; library, \$520,000; power house, \$350,000; semi-permanent buildings, \$375,000; University grounds, \$354,000; furnishings and equipment, \$210,000; townsite development, \$844,000.

A memorandum attached to the return deals with extras and shows that large sums of money have been spent at the request of various propositions.

### Island Jury Acquits Seattle Ex-Detective Of Share in Holdup

Jurors Bring in Decision This Morning After Being Out Nearly Two Hours—Accused Wins Liberty at Second Trial Following Failure of Jurymen to Come to Agreement at First Case Last Spring

### Johnson and Stone Come From Cells To Declare Watson Innocent Man

(Special to The Colonist)

NANAIMO, Nov. 4.—Ross C. Watson, former Seattle police detective, was acquitted here this morning at his second trial on the charge of participation in the \$42,000 robbery of the Royal Bank here last December 12.

The verdict was returned at 12:30 a.m. after the jury had been out one hour and forty minutes.

At Watson's first trial in the Spring, the jury disagreed and a new trial was ordered.

Through arrangement with the immigration authorities, Watson was granted permission to leave British Columbia by way of Vancouver instead of Victoria, the port through which he entered after waiving extradition proceedings, and was to leave on the early boat today with his counsel, W. E. Burns.

### Wins His Liberty At Second Trial

ROSS C. WATSON

T. H. Johnson and George Russell, alias Alex. Rime, now serving sentence in connection with the hold-up, were brought to Nanaimo from Oakalla yesterday and gave evidence for the defence.

Johnson swore he was the man who signed the Metropolitan Hotel register in Victoria as "L. C. Jordan," and that he was the man who hired a "Durant car" from a Victoria taxi office and signed two contracts under the signature of "L. C. Jordan." Johnson informed the court that after registering at the Metropolitan Hotel he visited the taxi office and ordered a Durant car for next morning and gave instructions to have a new battery installed. He identified the signatures on the taxi contract and the hotel register, produced in court, as his signatures.

On the morning of December 12, Johnson said, in company with a man named Willis, he drove over the Island Highway from Victoria, stopped at a restaurant in Duncan and bought some coffee and sandwiches, after which they proceeded toward Nanaimo, picking up four other members of the gang at the junction of the Hemer Road and the Island Highway, six miles south of Nanaimo.

### Both Parties Win and Lose Another Seat

Nipissing Finally Goes to Liberals—Conservatives Now Have 117, Liberals 100—Two Still Doubtful

TORONTO, Nov. 3.—In the general election returns received today by the Canadian Press the Conservatives won one and lost one, so that their total tonight is 117, the same as last night.

The junior seat in Queen's P.E.I. was moved from the doubtful column to the Conservative column when the check up by deputy returning officers gave John McCreary, Conservative, a majority of twenty-four over Hon. J. E. Hinchey, Liberal, without portfolio in the King cabinet. Balancing this, however, an official count in North Bay announced today gave E. A. Lauder, Liberal, a majority of fifty-three in Nipissing over John Ferguson, Conservative. Unofficial counts had given this seat to Mr. Ferguson.

The Liberals also broke even on the day, for while they gained Nipissing, Bonaventure in Quebec, where Hon. Charles Macell was thought to be elected, is now among the doubtful. The Liberal total therefore remains at 100.

Provencher Still Doubtful

Provencher, Manitoba, which is a race between the Liberals and Progressives, is still in the doubtful column.

### Prince of Wales Falls From Horse

Animal Fails to Take Jump—Both Tumble Into Big Ditch at Hunt

LEIGHTON HUIZZARD, Bedfordshire, Eng., Nov. 3.—The Prince of Wales today took his first tumble from horseback since returning to England. The fall came during an exciting fox hunt when the Prince's horse failed to take an awkward fence. The Prince was unhurt, but his horse was injured and he was taken to the hospital.

The Prince's hunt had been chasing a fox for an hour and the hounds were in full cry. Coming to a fence with a big ditch ahead, the horse failed to take the jump and both the Prince and his mount dropped into the water.

The Prince scrambled out unhurt, but his horse was injured and he was taken to the hospital.

The Prince then gave up the chase and returned to London.

### Score Meet Death When Valley Floods

Lake Bursts Dam and Torrent Sweeps Down on Village of Porthlwyd, Wales

LLANDUDNO, Wales, Nov. 3.—A catastrophe involving a score or more lives, submerged to a depth of several feet the beautiful Conway Valley, when the dam on Lake Elgwyn, which supplies the hydro-electric power station, burst and overwhelmed the village of Porthlwyd.

The lake is 1,400 feet above sea level, and a mighty torrent swept down the mountain side, doing enormous damage. The valley is drawn with wreckage, the carcasses of animals and great boulders. All telephone lines are down for a radius of seven miles.

The bursting of the dam occurred last evening, when most of the villagers were at a moving picture show, at a hall which escaped the flood. Otherwise the death toll would have been much greater. The number of victims is still undetermined, but the flood has greatly subsided.

**Author-Painter Finds Thrill in Russian Travel**

Says Seasoned Travelers Will Have Surprise of Life Now on Transiberian Railway

**To Write Another Book**

How would the average woman like to travel for fifteen days in a country where she could not speak the language, where the food for days together was indifferent and sometimes impossible to secure, and where there was no chance of washing on the train?

This has been the experience of Mrs. Alec-Tweedie, Fellow of the Royal Geographical Society, Royal Asiatic Society, and several learned bodies, who passed through Victoria yesterday on the liner Empress of Asia.

One question naturally arises from this chapter of discomforts, to which must be added a positive disaster, when the train overturned and a large number of passengers were killed. Where is it possible yet for such a combination of events to disturb the peace of a traveller in the twentieth century?

Mrs. Alec-Tweedie answers the whole query by describing a recent journey across European Russia and the Transiberian Railway. Nearly six months was occupied in securing a passport, and she soon discovered that rigid regulations about the conduct of foreigners when they entered the country. She says the conditions of the country are most unfavorable, and poverty displays its ugliest aspects on every hand, hence the reluctance to permit foreigners to enter Russia. The journey from Moscow to the Chinese frontier should have occupied eleven days, but when they had travelled about three days a wreck caused many deaths, though the coach in which she was travelling was of steel, and alone escaped destruction. There was no dining car, and meals were rare and scrappy affairs. No provision was made for washing, and it was the most uncomfortable journey she ever made.

Her reminiscences are to go into a new book, "An Adventurous Journey," which is in the hands of the printers, and is illustrated from her own color sketches.

Recent pictures she has made in Japan and China will be placed on exhibition at the Galerie Georges Petit at Paris.

Mrs. Alec-Tweedie, who is author of twenty-two books of travel, started to paint shortly after the Armistice, and returned to London in the Spring of 1921 for a few months, when she held her first picture show. She travelled 100,000 miles in the five years through Japan, Korea, China, Manchuria, India, Ceylon, Burma, Java, Syria, Egypt, Sudan, Palestine, Greece, Malay, Hawaii, Philippines, Cuba, Turkey, Russia, U.S.A., Spain, Italy, England, London, U.S.A., Panama, Switzerland. Four hundred impression sketches were exhibited at her second show, the Alpine Gallery, London, July, 1924. Her most prized office is that of vice-president of the Society of Women Journalists.

Executive Committee Gathers in Montreal and Decides to Convene Here Next Year

MONTREAL, Nov. 3.—Many prominent medical men from various parts of Canada are in Montreal today attending the Fall meeting of the executive committee of the Canadian Medical Association.

The committee has decided to make a "medical survey" of the entire Dominion with a view to ascertaining the distribution of the medical profession. Coupled with this was a decision to make a compilation of records of the annual supply of physicians through the universities in order to insure a constant and adequate number of practitioners for all Canada.

**Closer Affiliations**  
A sub-committee appointed to look into the matter of closer affiliation with the Royal College of Surgeons, England, reported that the colleges had expressed the desire for the closest possible co-operation with the Canadian body. Committees representing both associations have been appointed to study the matter.

The question of annual health examination for Canadians was also taken up and a special committee appointed to make a report on this subject. It was announced that the 1926 annual meeting of the Association would take place at Victoria, B.C., in the week of June 31.

Roses of Yesterday—And the Return to More Congenial Muttons—The Advent of Politics—With the Debate on the Address—The Captious Opposition Is Friendly to the Mover—But Tomorrow Mr. Pooley Will View Everything With Alarm

The Press Gallery, Tuesday

Yesterday it was roses, roses, all the way—roses in the coats of honorable Cabinet Ministers, roses among the gay toilettes of lady visitors, roses on the massive tops of executive desks. Even the poet's "rose on the lips of truth," by some not too excessive stretch of the unphilosophical imagination, might have been discovered as an unwelcome adornment of the House proceedings. The House returned to its more congenial muttons. The congenial muttons of this House, as of all other like houses, are politics. Into politics, accordingly, by way of the debate on the Address, the House plunged. And in, and amid, and beneath politics the House will remain to-day the Second Session of the Sixteenth Parliament has been numbered with its many foregoers, and honorable members go home to eat their respective Christmas dinners in the bosoms of their respective families.

There was no preliminary shivering on the brink today. The House plunged into politics—wholeheartedly, efficiently, and, so far as the mere plunging went, untriedly. To one clear note, in the divers tones of their party prepossessions—the clear note of politics—honorable members uttered the unnecessary invitation to come on in, with the recommendation that the water was fine. First in was Hon. Minister of Works Rutherford. He went in off the high board, with a promise that he would submit to the eye of the House—meaning the sympathetic eye of Government supporters, and the cold eye of the opposition—their respective official documents relating to expenditures on the university at Point Grey. Everything would be exposed to those eyes, promised the hon. minister. The general feeling was that the Department of Public Works had prepared a gathering storm, and was taking every reasonable precaution to make all snug against it.

The specific feeling on the capious side of the House, Mr. Speaker was that expenditures on the university in excess of authorized moneys would take a deal of explanation, and that probably a tidy job of politics would have been done by the time the House went home for Christmas.

Meanwhile, of course, Christmas is seven weeks away. There was no need to hurry matters. Nobody had time to protest against the House's proclivity for wasting time. Things, it was felt, must be done decently and in order, for the first week or so, and then the House would be the regrettable necessity for doing things otherwise later on, possibly. Sufficient to the day was the motion for adjournment. The House settled down to leisurely consideration of the motion of Mr. J. M. Bryan, Liberal member for North Vancouver, that the humble address be tendered to His Honor the Lieutenant Governor in reply to the Speech from the Throne.

The address, when it ultimately reaches His Honor—that is to say, after it has been considered for about a week, after Hon. John Oliver has protested about waste of time, and Mr. Pooley has said "you're another"—may possibly be a humble address. There was no protest from the humbly attaching to the matter and manner of Mr. Bryan's adumbration of all the necessary preliminaries. The House was not, however, certainly not with any suggestion that they might lead to a general provincial election.

There is a rule of the House—frequently invoked last session by the honorable and gallant member for Alberni—who prohibits members from reading their speeches. Mr. Bryan read his speech today. But there was no protest. There was no protest from the member for Alberni, who refused to overrule the cabinet, and unresponsive opposition benches. The cold and unresponsive opposition suffered Mr. Bryan to come and go in his oration, with neither cheer for his advent nor applause for his exit. So far as the House afterwards of Mr. Speaker was concerned, Mr. Bryan was heard of no more. In stony silence. The opposition harbors dark thoughts on the general question of North Vancouver's representation in this house, and not all the King's judges, nor all the King's counsel, nor all the judgments of sundry honorable courts, can reconcile His Majesty's loyal opposition to the spectacle of Mr. Bryan in enjoyment of the privileges and emoluments attaching to the representative of North Vancouver.

However, Mr. Bryan was not deterred by these unequivocal signs of disapprobation. He was not at all unmindful of North Vancouver in his introduction of the humble Address. He called North Vancouver "my own riding," but he thoughtfully amended that possessive phrase to "the riding I have the honor to represent." The riding he had the honor to represent came early and

often into the picture he drew of peace and plenty under the beneficent aegis of the Oliver Government. His speech was entirely in the tradition followed by members of humble addresses. It went painstakingly and in due order through all the matters mentioned in the Speech from the Throne, and did not even forget Freight Rates. It was eulogistic and confident about Freight Rates. It was certain that somewhere or other there was a great injustice about Freight Rates. But there was a catch in it somewhere. Despite the legendary power of Freight Rates to move an enlightened electorate to passionate indignation, Mr. Bryan evoked no passion in the House today. The House sat listless and languid. Even the Hon. First Minister managed to conceal his emotion. Freight Rates seemed to be almost as much of a drug in the political market of this House as it turned out to be in the last election of blessed memory.

Mr. Bryan was statistical and informative. He read the brief on Freight Rates with which he had been supplied—according to the accurate rumor disseminated by the unresponsive opposition—by Premier Oliver. He read the departmental reports with which he had been supplied by hon. ministers. And he brought in North Vancouver at decent intervals—every minute or so. And he sat down, to the somewhat perfunctory cheers of the Government supporters, to the cold and almost minatory silence of the capious opposition, to inarticulate response—whatever it might have been—of nearly deserted galleries. And then came Mr. S. C. Leary, Liberal member for Kalo-Slocan, to second the humble Address, to bring the Kalo-Slocan into the picture, to evoke friendly reception from the suddenly attentive opposition, to talk seriously and earnestly about the peril of forest fires, to eulogize the Hours of Labor Act, to emphasize the need of more roads in Kalo-Slocan, to disclose to the House that the Education Survey had cost the province \$31,000, to bring Kalo-Slocan into the picture again, to say once or twice again that everything would be propitious in that mining community if only an attentive Government would redress its ancient and well-known grievance in respect of roads; and, to do his duty as a modest and popular member of the House.

So far the session, two days' old, has been all peace and quietness. Tomorrow it will be different. So far, everything has been for the best in the best of all possible provinces, and under the dispensation of the best of all possible Governments. Tomorrow Mr. Pooley will view everything with alarm. Tomorrow Mr. Pooley will view Freight Rates with contempt, and Premier Oliver with compassion, and the Pacific Great Eastern Railway with horror, and the expenditures on the university at Point Grey with suspicion, and everything and everybody on the other side of the House with surprise that they should still be allowed to stay there. Tomorrow all friendship ceases, and it will be the rigor of the game.

**Paris Cabinet Given Further Lease of Life**

Former Political Enemies of Premier Support Ministry to Save Government From Overthrow

PARIS, Nov. 3.—The Painleve Ministry won its first fight in Parliament today, thanks to the support of former political enemies, gaining at least a short lease of life by a vote of 221 to 155. This fact, but not in spirit, was a vote of confidence in the new cabinet, although 121 deputies abstained from voting. The moderates and conservatives, fearing the disastrous effects of a further prolonged crisis, rallied to the support of Premier Painleve. The cabinet numbers to offset the Socialist defection. In so doing, however, they made it clear through their spokesmen that they were not in any way not an expression of confidence in the cabinet, but a vote to end the existing chaotic conditions of public affairs.

**Vote Not Significant**  
The vote in favor of the cabinet falls short of the usual significance of such action because many deputies who refused to overrule the cabinet, opposed the financial concessions as outlined in the Premier's declaration. The fact that the pound sterling was at 120 and the dollar at 24.33 francs caused a great impression during the debate and exercised considerable influence on the decision of the hesitating deputies.

The debate, reduced to its simplest terms by the abstention of a number of interpellators, proved featureless except for violent attacks by the Communist leader, M. Cachin, who warned the Government that it was going wrong if it counted on the three coming French generations to pay 150,000,000,000 francs debt to "Anglo-Saxon bankers."

**Tax on Wealth Proposed**  
No inflation, no loan, but a special tax on all forms of wealth was the remedy proposed by M. Painleve's declaration for curing the ailments from which the French treasury is suffering. Prompt settlements of the debts to England and the United States he advocated as a most important matter to be attended to in order to restore confidence and credit.

**Establishment of a durable peace in Syria and Morocco and continuation of the Locarno policy were the guiding spirits of the Government's policy.**  
A one-year military service and a project for electoral reform proved subjects of internal policy which brought cheers from the House.

## Death Occurs Of Mr. Deaville At Ripe Age

Well-Known and Respected Citizen Succumbs to Effects of Paralytic Stroke After Week's Illness

### Funeral to Be Held Friday

A very wide circle of friends and citizens will learn with deep regret of the passing of one of the city's best loved and well-known citizens, in the person of Mr. William B. Deaville, who passed away yesterday afternoon at his residence, 418 Gorge Road, after a brief illness of one week.

The funeral service will take place at 2 o'clock on Friday afternoon next, at the residence, Dr. Clem Davies officiating. Interment will be at the Royal Oak Burial Park. Recognition services will be held Sunday morning, when a memorial service will take place at the Victoria City Temple at 11 o'clock.

Mr. Deaville, who was the senior member of the board of managers of the Victoria City Temple, was affectionately regarded by all who knew him, and had been busy during the afternoon of one week ago Thursday, caring for a friend who had been ill for several days of an official nature and collapsed during the evening meal, receiving a stroke of paralysis. His condition improved so much over the week-end, however, that on Sunday last, surrounded by his family, he partook of an evening meal and conducted the family devotion, but on Monday last his condition grew worse, culminating in his death at 1:50 p.m. yesterday.

Came Here in 1888

Mr. William B. Deaville was born at Woodhouse, Leicestershire, Eng., January 2, 1845, and would have been eighty-one years of age had he lived to see the New Year. His marriage took place in Madley, Staffordshire, December 17, 1873. Mr. and Mrs. Deaville celebrated their golden wedding anniversary last year. Before leaving England Mr. Deaville held a responsible position with the Jones Sewing Machine Co. as northern district manager. He left with his family for Canada in April, 1888, coming direct to Victoria to his old friend and business associate, the late Mr. Walter Morris, whose widow still lives in this city. He entered into the cannery business and subsequently became the proprietor of the Deaville Grocery on Hillside Avenue.

Mr. Deaville leaves a widow, five sons, Mr. John T. Deaville (proprietor of the B.C. Book Exchange), Mr. Clarence B. Deaville (manager of the Melrose Hotel), Mr. George W. Deaville (of the Deaville Radio Station, CFCF), Mr. W. Arthur Deaville (proprietor of the Beaumont Grocery, Esquimalt), Mr. A. Stanley Deaville (of the Postoffice Inspector's department), and two daughters, Mrs. Edward Parsons and Mrs. Fred Parsons. Mr. James Bryant, a close member of the family, though not related, also mourns his loss.

Was Trustee of Church

Mr. Deaville had retired from business for about six years and had devoted himself to the study of social and religious life. For more than sixty years he was a licensed lay preacher of the Methodist Church both in England and Canada as well as being officially connected with the life of the Centennial Methodist Church as officer and trustee for many years, holding the office of secretary and position of honorary trustee of the Centennial institution at the request of that church.

His death was one of the most prominent in the formation of the Victoria City Temple and from its inception was on the board of managers, being one of the laymen of the position and receiving many other honors. He was a familiar figure on Sundays as he stood at the church door, greeting the faithful, and he was regretted not only by the Temple congregation but by members of other churches as well, for he was a frequent visitor as a preacher on many occasions.

Great Blow to Temple

Speaking concerning his passing, Rev. Dr. Clem Davies stated: "Mr. Deaville's death is a great blow to the City Temple, for he reflected great prestige on our youthful organization, and as a wise counselor and large-minded Christian his advice was invaluable. To me his passing is regarded as the loss of a father and to the City Temple membership he had come to be regarded as a spiritual father to a host of people."

He was one of those laymen of whom the church is justly proud, and while he was of the old school religiously, nevertheless he had his face toward the future, his room being buried but not imprisoned in the past. Such a character will be sadly missed from the city's religious and social life.

"His broad-mindedness is indicated

### To Make Pine Cough Syrup at Home

Has no equal for prompt results. Take just a moment to make. Serves about \$2.

You know that pine is used in nearly all prescriptions and remedies for coughs. The reason is that pine contains several peculiar elements that have a remarkable effect in soothing and healing the membranes of the throat and chest. Pine is famous for this purpose.

Pine cough syrup is a combination of pine and syrup. The "syrup" part is made from sugar and water. To make the best pine cough remedy that money can buy, put 2 1/2 ounces of Pine in a 16-oz. bottle, and fill up with home-made sugar syrup. Or you can use clarified molasses, honey, or great syrup. The quantity of sugar syrup, either way, you make 16 ounces—more than you can buy ready-made for \$2.50. It is pure, good and very pleasant—children take it eagerly.

You can feel this take hold of a cough or cold in a few minutes. The cough may be dry, hoarse and tight, or may be persistently loose from the formation of phlegm. The Pine is the same—infamed membranes—and this Pine and Syrup combination will stop it—usually in 24 hours. Splendid, too, for bronchial asthma, hoarseness, or any ordinary throat ailment.

Pine is a high concentrated compound of genuine Norway pine extract, famous the world over for its prompt effect upon colds and coughs. Beware of substitutes. Ask your druggist for "2 1/2 ounces of Pine" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pine Co., Toronto, Ont.

In his desire to remain affiliated with his mother church, while still venturing forth into the new institution of the City Temple and also by the fact that though a member of the Methodist Church and a local preacher from the time he was seventeen years of age he was also confirmed in the Church of England. Mr. Deaville was also a charter member of the Royal Society of Saint George of this city."

### Obituary

YOUNG—Funeral service was held at the Thomson Funeral Home, 1625 Quadra Street, yesterday afternoon at 2:30 o'clock for the late Mrs. Anna Young who passed away at an early hour Saturday morning at the Royal Jubilee Hospital. The Rev. F. H. Patt officiated, and the hymn sung was "Abide With Me." There were many friends present, and beautiful floral tributes covered the casket, bearing testimony to the high esteem in which the late Mrs. Young was held by her many friends. Messrs. R. S. Gleamy, Thick, Wavy Hair in a Moment

Girls! Try this! When combing and brushing your hair, just moisten your hair with a little "Danderine" and brush it through your hair. The effect is startling! You can dress your hair immediately and it will appear as if it were good and healthy, with life, incomparably soft, fresh, youthful.

"Danderine" acts on the hair like fresh showers of rain and sunshine act on vegetation. It goes right to the roots, invigorates, nourishes and strengthens them, stopping falling hair and helping the hair to grow thick, healthy and luxuriant.

## Esquimalt Trade Board Will Meet This Evening

Mr. C. H. Dickie, M.P. for Nanaimo Riding, and Executives of Adjoining Districts, to Address Fete

### Fine Programme Planned

Mr. C. H. Dickie, Federal member-elect for Nanaimo Riding, will be one of the principal speakers at the meeting of the Esquimalt Board of Trade and its annual banquet, which will be held tonight at seven o'clock in the Esquimalt Club, Esquimalt, corner of Admiral's and Esquimalt Roads.

Tonight's gathering of the Esquimalt Board of Trade will undoubtedly be utilized as an opportunity to secure expressions of confidence in the industrial possibilities of Vancouver Island and to stimulate encouragement in its development.

It is anticipated that Mayor Penney, of Victoria, Reeve Macnicol, of Saanich; Reeve Matheson, of Esquimalt; Reeve Anson, of Oak Bay, and Mr. C. H. Dickie, M.P., president of the Victoria Chamber of Commerce, will be present and will address the gathering.

Arrangements have been completed for the banquet, and the musical programme has been left in the hands of the Esquimalt Club. It is anticipated that the year's Board of Trade function will exceed in excellence the event conducted by the organization during 1924 or previous years.

## Mover of Reply To Speech Sees Roseate Picture

Growth of Grain Trade Affords Optimistic Prospect for B.C. Ports, Says North Vancouver Member

### Lumber Production Better

Universal improvement of conditions throughout British Columbia was claimed by Mr. J. M. Bryan, Government member for North Vancouver, during the course of his address in the Provincial Legislature yesterday when he moved the reply to the Speech from the Throne. As proof of such improvement he quoted building statistics in various districts of the Province as compared with figures representing building activities during 1923 and 1924. He also presented figures showing a substantial increase in the number of British Columbia companies incorporated and a corresponding increase in the capitalization of such companies. Industrial development had also shown a marked advance, he said, mentioning in particular establishment of many plants for the utilization of fisheries products, establishment of a fur processing plant in Vancouver and the Fraser River, and an accompanying growth in export shipping.

Mr. Bryan was in an optimistic frame of mind relative to future development of the Pacific Great Eastern Railway and declared that the current fiscal year would see extension of the road into North Vancouver. With the completion next Saturday of the Second Narrows Bridge, he said, would disappear the last possible reason for non-completion of the southern extension of the road from North Vancouver to Squamish.

Grain Shipments

The speaker dealt briefly with the growth of the grain trade in Vancouver and outlined the steady advance made since 1921. According to figures compiled by The Harbor and Shipping Magazine, he said, the volume of grain shipped through the port of Vancouver during the crop year of 1921-22, a total of 7,500,000 bushels of grain was shipped, as compared with 12,225,000 bushels in 1922-23, following the first big reduction in freight rates in 1922, the shipments increased to 19,000,000 bushels, and in 1923-24, following a bumper crop in Alberta and a further reduction of ten per cent in export rates, 54,000,000 bushels passed through the port of Vancouver.

As compared with the crop year of 1924-25, he said, the shipments totalled 25,000,000 odd bushels, the reduction being due to a partial failure of the crops in the provinces of Alberta and Saskatchewan. However, he pointed out, with the good crops of the present year and a still further reduction in freight rates consequent to the application of the Crow's Nest Pass schedule on Western shipments, exports from the Pacific Coast ports should this year surpass all records.

The growth in the trade was further evidenced by the fact that while in 1922 Vancouver had only one elevator, it had today a total of six elevators, with a total capacity of 6,900,000 bushels. Activity in building elevators was continuing, he said. In Prince Rupert a large Dominion Government elevator was under construction and preliminary steps had been taken for the erection of a private elevator in Victoria. He also declared that, according to press reports, a British syndicate was planning the erection of a large terminal elevator at New Westminster and a smaller subsidiary house in Victoria to take care of parcel shipments to be taken on by ships trading from Puget Sound ports.

Fisheries Expansion

Mr. Bryan, referring to recent growth in British Columbia fisheries "business," recalled that in October, 1924, Canada and the United States had entered into a treaty for the conservation of halibut, and the appointment of a large international fisheries commission. Both acts, he said, were being highly commended and those in touch with the situation believed that much would result. The halibut catch in the Northwest Pacific and Bering Sea was worth in excess of \$10,000,000 annually, he pointed out. Halibut fisheries were second only in importance to the salmon fisheries of the Pacific Coast, he said.

Lumber Industry

"The lumbering business of British Columbia is now on a more satisfactory basis than heretofore," Mr. Bryan continued. "Exports of Great Britain have largely increased as a result, it

## Executive Council Has Been Irregular

Legislature Must Legalize Acts of Members for Twenty-Seven Years

Cabinet Ministers of all British Columbia governments since 1898 have been improperly holding office, according to a recent discovery made by law officers of the Crown, and a bill was introduced in the Legislature yesterday by Premier Oliver to validate executive councils during the last twenty-seven years.

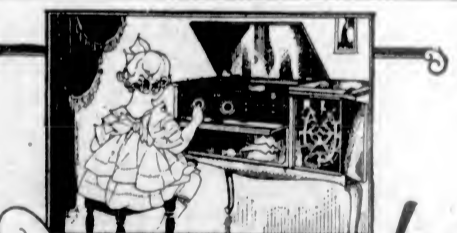

The bill was presented and read a first time and was reported from committee. Following the discovery of the legal technicality relative to the appointment of Cabinet Ministers steps were immediately taken and the present Ministers were given legal status.

Constitutional law requires that Cabinet Ministers shall receive a commission of appointment from the Crown. In 1924 session, the practice has been neglected. Premier Oliver stated, and the necessity for it was only recently discovered.

The requisite commissions have been issued, but in order to legalize the actions of former governments and confirm appointments made by the different executive councils the passing of an act is deemed necessary.

## Memorial Tablet to Be Unveiled At High School Armistice Day

## Memorial Tablet Will Be Unveiled

Impressive Service to Take Place at Victoria High School on Armistice Day

Scores of one-time Victoria High School boys were among those who made the supreme sacrifice during the Great War, and on Armistice Day, November 11, there is to be unveiled to their memorial a tablet executed by Mr. E. W. Clarke.

The service is to take place in the High School auditorium at 10.45 in the morning, so that the students will be assembled at the time of the three minutes' silence at 11 o'clock. His Honor Lieutenant-Governor W. C. Nichol has very kindly consented to officiate at the unveiling of the memorial, a photograph of the design of which appeared in The Colonist about a year ago. It shows a classical figure, symbolic of grief, supporting by one hand the shield on which the names are inscribed of the boys who made the great sacrifice.

Invitations have been sent to as many as are known of the parents of the men whose names are inscribed on the tablet, but it is hoped that any who may have been overlooked will attend the ceremony in any case.

## City & District

**Founders Meeting**—No. 4 Company of the Fourand of Canada will meet this evening at the Chamber of Commerce at 8 o'clock. A large attendance is looked for by the officer commanding.

**Chimney Fire**—The Victoria fire department yesterday was only called upon once to respond to a fire call. The firemen put out a chimney fire at a residence at 134 Joseph Street last night about 7:30 o'clock. No damage was caused by the fire.

**Ward Four Ratepayers**—The annual meeting of the Ward Four Ratepayers' Association will be held tonight at 8 o'clock in Strawberry Vale School. Business will include the election of officers and nomination of municipal candidates. A full attendance is desired.

**Petition for Pardon**—Five thousand names have already been signed to the petition being prepared to be forwarded to the Minister of Justice at Ottawa asking for a pardon for Dr. E. W. Boak, who was found guilty on a charge of manslaughter. Those interested in signing the petition can do so at 125 Pemberton Building.

**City Temple Announcement**—A special announcement will be made by Rev. Dr. Clem Davies to the members of the Victoria City Temple at the lecture on Single Tax, which will be given tonight, at 8 o'clock, in the K. of P. Hall, by Mr. George H. Duncan, member of the New Hampshire Legislature. A full attendance of members is requested.

**Acts as Peace-maker**—In the absence through continued illness of Police Magistrate Jay, Mr. James Forman presided in the police court yesterday morning. A neighbors' quarrel having to do with Hallowe'en firecrackers was brought before him for settlement. Acting on his advice the matter was removed from the court and the parties to the dispute settled their differences.

**Building Figures**—Building permits in Victoria in October totalled forty-one for a valuation of \$34,305. In the corresponding month last year thirty-eight permits were issued for a valuation of \$28,115. The aggregate for the ten months of this year is 391 permits for a total valuation of \$404,679 the 1924 figures for the same period being 388 permits for \$320,975.

**Discuss Water Agreement**—Mayor Pendray, Reeve Anson, of Oak Bay, and City Water Commissioner Preston yesterday conferred on the renewal of the city's water agreement with Oak Bay which expires at the end of December. The conference proceeded no further than the formal broaching of the subject of rates and the term of the renewal.

**Early Photographs**—Mr. A. H. Maynard gave a most interesting lantern lecture last night in the Island Arts and Crafts Clubrooms in the Union Bank Building, under the auspices of the Vancouver Island Prospectors' Association. He showed a unique collection of slides made from the earliest photographs taken in British Columbia, illustrating mining in the early days in Cariboo and elsewhere. He was accorded a hearty vote of thanks at the conclusion of the entertainment.

**Artist Series Tickets**—The Ladies' Musical Club announces that holders of the Artist Series season tickets may procure their theatre tickets any day this week by taking their season tickets with them to the Walter Evans Company, Government Street, and there paying the amusement tax. The box office at the theatre will be open on Monday, November 9. The time limit for the purchase of season tickets has been extended to 6 p.m. tomorrow, tickets for the Zimbalist recital on November 11 now being on sale at the Walter Evans Company.

**Mrs. E. R. Armstrong Sought**—The Victoria branch of the Great War Veterans' Association has been requested by the British Overseas War Veterans of Los Angeles, Cal., to ascertain the present whereabouts of Mrs. Armstrong, wife of Mr. E. Raymond Armstrong, ex-C.E.F., late of Beachwood Avenue, Foul Bay, Victoria. Mrs. Armstrong is asked to communicate with the G.W.V.A. secretary here, or if anyone could supply the secretary with information concerning Mrs. Armstrong's location it would be appreciated.

## Great Future Seen For Canadian Mines

Increasing World Demand Will Force Development Here, Engineers Hear

WINNIPEG, Nov. 3.—The world's ever-increasing need of materials to meet the demand and the gradual exhaustion of Old World sources of supply are factors driving toward the early opening up of Canada's unfathomed mineral deposits. Dr. Charles Cammell, Deputy Minister of Mines, Ottawa, declared in a comprehensive survey of the Canadian mineral trade before the opening session of the annual convention of the Canadian Institute of Mining and Metallurgy here today.

After showing that Canada had sustained a deficit of \$124,000,000 in the mineral trade during 1924, which year as a whole had shown a favorable trade balance, Dr. Cammell pointed out that the deficit was largely due to the fact that exports were of the raw and partly manufactured products, whereas the imports covered the finished manufactured articles in such fields as structural steel, machinery, copper, wire, gasoline and chinaware.

Until his health failed Captain Marchant was engaged on a number of smaller vessels plying in the B.C. Coast trade.

His long success in navigation of the treacherous and often uncharted waters of the coast marked him as a navigator of pronounced ability.

**Winnipeg's Wave of Crime**

WINNIPEG, Nov. 3.—The Winnipeg assize court opened today with a docket of serious offences unparalleled in the history of the province. Ten men were charged with murder and twenty other cases were scheduled for hearing. Sentences are expected to last more than three weeks.

## Modern Bridge Stirs Interest in Fascinating Ruins of Antiquity

Span Across Fiumara, in Island of Sicily, Will Aid Tourists in Viewing Remains of City of Egesta, Whose Theatre Has Wonderful Stage Setting

Archaeologists of all nationalities, writes Agnes R. Mackenzie, from Segesta, in The New York Herald, will hear with interest of the grant just given by Premier Mussolini for the building of a new bridge over the Fiumara, at Segesta, on the island of Sicily, near Palermo.

Of all the excavations in Sicily, none are so much visited as the ruins of the ancient city of Egesta. Every year the number of visitors increases, though it is necessary to ford the river, which in bad weather is very difficult. When, recently, a Sicilian nobleman left a legacy for the purpose of continuing the excavations in the ancient city, interest in Segesta was aroused, and the Government gave the sum of 20,000 lire as a first instalment for the new bridge.

### Surroundings Impressive

Among the ruins on this island, the Temple of Demeter and the theatre are the grandest and most important. It is not only that they are the remains of ancient greatness, but also that their position in the valley, so well watered and verdant, has a background of profoundly impressive mountains.

The ruins up to a few years ago consisted of the temple, which is second to none in Sicily, and the theatre, which, though smaller, is in an equally fine state of preservation with that of Syracuse, where the Greek plays are given every second year. Recently excavating has begun on the site of the city itself, and mosaic pavements, as well as household gods and ornaments, have been found. Possibly, had not this legacy been left for the continuance of these excavations, Segesta would have been forgotten and her ruins gradually would have fallen into disrepair.

### Security Guaranteed

Archaeologists will hear with relief that the legacy is sufficient to guarantee the security of both the temple and the theatre and to allow for a certain amount of excavation on the site of the city.

The temple dates back approximately to 430 or 420 B.C. It is a Doric Peripteros Hexastyle, with thirty-six columns, which never were finished, owing to a war, in which Greece came to the help of Segesta. This wonderful temple still stands, with its columns undisturbed and its steps awaiting the finishing touches which were not given. Even the carlar never was begun, and yet, withal, it is one of the most beautiful temples in the world. Its length, including the steps, is 240 feet and its width is 110 feet, while the columns, with the capitals, measured 23 feet high. The Doric entablature, with guttae, is in a wonderful state of preservation.

### Honors Goddess of Plenty

Demeter, the goddess to whom the temple was dedicated, was a favorite with the people of the island, as she brought great blessings in the form of abundant crops. Though the people of Segesta were not of Greek origin, but were of the race of Etruscans, the Greeks insisted on tracing their back partly to Troy and partly to Greek stock, but no one knows what their original descent was.

Greek influence undoubtedly was extensive in this city, then called Egesta, but it was second to that of the Phoenicians. It was only in the second century B.C. that they changed the name of the city to Segesta.

At the time of the building of the new temple their enemy was the people of the city of Selinus, with whom they were continually quarrelling about the boundary and the laws of intermarriage. They were certainly getting the worst of it when they called on the people of Agragum (Agrigento) and of Carthage to help them, but in vain. Athens was then appealed to, just when the temple columns had been placed and the work of finishing up could have begun. Then the war began.

### Funds Depleted by War

Athens undertook the war ostensibly to help her ally, but, in reality, to capture the city for her own. The Sicels sided with Athens, but Syracuse feared for her own supremacy. Had not Corinth succeeded in stirring up trouble for Athens with her rivals in the Greek later, Syracuse would have been subjugated, but soon Athens had more than she bargained for in fighting at home.

Segesta had spent all her money, hence, even when Athens left the island, the temple was never finished. Carthage became her ally, though in so doing she allied herself to barbarians. But she cared very little, as her desire was the destruction of Selinus. Hannibal successfully subjugated Segesta's rival in eight days, killing more than 15,000 of its inhabitants and throwing into bondage the rest. But events proved that Segesta gained little from the Carthaginian alliance. A century later, in 217 B.C., after she had allied herself to Archagathus, the despot, he turned on his former ally and slaughtered his inhabitants, sold as slaves those who were thought would bring a good price, and turned out of the city the natives, to put in their place those whom he had brought with him.

### Major Cup Can Reach Ruins

While the temple never was finished, the theatre was kept through succeeding ages in a good state of repair, so that today it could be used for Greek performances in the open air were it not so far from the beaten track.

**A HOT cup**  
Hot OXO takes away the chill and builds up bodily strength to resist the cold. The ideal nourishment for invalids.

**"OXO" CUBES**

Naturally, the new bridge will make it possible for motor cars to reach the ruins, and thus it will not be a very long journey from Palermo. It may be then possible to stage plays in the theatre, which is hewn out of the solid rock and rises in tiers up the side of the mountain. It has the most wonderful stage setting in the world, as behind rises Mount Sparagio, reaching more than 3,700 feet to the left behind the stage, while to the right is Monte Inici, of almost equal height. Added to these there is the view of the Gulf of Castellammare and the woods of Calatani. No painted scenery could compare with these natural beauties.

### Drive for Members To Be Held by "Y"

Ladies' Auxiliary Membership Campaign to Finish at Spencer's Saturday

The Ladies' Auxiliary of the local Y.M.C.A. have for some time been conducting a campaign for increased membership in its organization. More than 200 letters have been sent out explaining their aims to prominent women of the city. In some cases these have come back accompanied by a donation, and the auxiliary has been greatly encouraged by the generous response of the public.

Saturday of this week will be the final of this campaign when, by the courtesy of Spencer's Ltd., some members of the organization will be on duty at the Broad Street entrance each hour from 9 to 6 o'clock for the convenience of those who have not yet enrolled and may desire to do so. The women have undertaken as their chief objective a reconditioning of the "Y" departments which will require about \$2,000.

The annual fee for either active or associate membership is \$1, while \$5 or more pays for life membership. Some individuals or organizations might prefer to refurnish one room as their contribution. In spite of the difficult conditions the Y.M.C.A. is doing splendid community service in keeping the boys off the streets and building up the young manhood of the city. It is urged that it must be supported by a generous public.

Following Miss Agnew's announcement of the campaign at Monday's meeting of the Women's Canadian Club, Mrs. Fletcher kindly received accolades.

It is for those who may have mislaid their application forms, or have not yet been approached, that the service is maintained at Spencer's on Saturday as a final opportunity to help this good cause.

### Industrial Group Distributes Work

Sub-Committee Organized to Carry on Various Branches of Operations During Year

The executive of the Industrial Group of the Chamber of Commerce held an informal meeting yesterday at the lunch hour, when plans for the future were discussed and the industrial situation in the city was considered. The new chairman, Mr. J. Wood, presided. Acting on the suggestion of the retiring president of the organization, Ald. M. P. Blair, it was decided to divide the executive into a number of divisions with a member of the executive as chairman of each.

In accordance with this plan the following sub-committees were named under the respective chairmen mentioned: Water and power rates, Mr. E. B. Halsall; inducements and concessions, Mr. R. H. Oliver; sites and locations, Mr. G. B. Mitchell; general industrial survey, Mr. A. J. Grey; B.C. products campaign, Mr. H. J. Pendergast.

The correspondence covering various prospective industries for the city and vicinity was gone into with the members of the executive for the purpose of acquainting them with the situation as it exists. Negotiations will be continued regarding the closing up of arrangements for moving the constituent assembly, ordered when the Bhaq was disposed. The assembly is expected to meet within a month and it is virtually certain that Premier Ross Khan will be elected Bhaq. Finance Minister Farouqi has been appointed acting premier.

## Masquerade Dance

A masquerade dance was held Wednesday at the home of Miss Alma Newman. The evening was spent in Halloween games and dancing. Miss Carmela Gillen, dressed as an Egyptian lady, created excitement by foisting the future with cards, and Miss Clara Krulinski, dressed as a "Snow Queen," served the ice cream from a small snow-covered Halloween wagon. Those present were: Misses Margaret Tanner, Clara Krulinski, Jean Ormiston, Lillian Hamer, Carmela Gillen, Agnes Morden, Evelyn Harvey, Mary Burns, Dorothy Widgreen, Ruth Moore, Molly Warner, Mona Bates, Tina Rhodes, Ina Farrell, Alma Newman, Messrs. George Gillen, Tom Bartley, Jack Hamer, Roy Peak, Ernest Gray, John Leeder, Ted Ormiston, Alec Morden, Wilt Morden, Ed Winter, Norman Davies, Frank Saunders, Harry Campbell, Harold Turner, Bill Newman.

## Tickets for Police Ball on Friday Are Going Very Quickly

ARRANGEMENTS for the big Police Ball at the Armory, which will be held on Friday evening next, have been completed. The spacious new drill hall floor has been put in excellent condition; the twenty-piece orchestra, under the leadership of Mr. Sidney Rogers, has prepared a programme of the newest dance selections; the catering committee guarantees that the supper will be all that could be desired; the decorations will be artistic, and everything else which will add to the comfort of the dancers and success of the ball will be well taken care of.

The demand for tickets for the Police Ball has been large, and those who intend patronizing the event are advised to make their reservations without delay. The Police Ball promises to prove even more popular than in the past, and a good time is assured all who participate in the evening's fete.

## Vagaries of the Vogue

Milady Bends an Expensive Knee Before the Throne of Fashion This Season—Fur Garters Conceal Powder Puffs—The Vogue Enters Upon a Scintillating Period of Jewels and of Gold

By Tinker Belle

The highest honor that Dame Fashion can possibly bestow upon her followers this season is the Order of the Garter, for probably never before in the history of the world has the knee-garter been fashioned so luxuriously and expensively.

Of course, none but the most fanatical devotees of the Art of Dress would dream of paying \$75 for a pair of garters, yet such, we are told, is the price of those fashioned of sea otter, the most expensive fur in the world, and fitted with a little pocket for a powder puff. Fur garters—tell me, are we sliding back into the Ice Age and Cave Days?

Or is it simply that the conservative proportions of modern dress necessitate a cushion to soften the floor when the feet of all ages from six to sixty and beyond, bend the knee? If so, it cannot be denied that there is method in its madness.

The mad world of Modes and Manners is just entering upon one of the most dazzling and scintillating periods of its career. In fact, it is actually emerging from a mere Phase into a Period, and a Period every bit as self-contained, complete and characteristic of its age as the Elizabethan and the Brocade Periods were of the eras in which they existed.

In far distant days to come the maques and balhis and costume balls will give as distinct a recognition to the beautiful Period costume of this day as to the panieres of Pompadour, the piumes and high boots of the Stuarts and the train and wimple of King Richard's glittering court.

The outstanding charms of this most lovely of costumes are its unhampered simplicity, its brevity, the swiftness of its rippling folds and the glamour of the material used in its creation. The rigidity and economy of past seasons has softened at last, as if a butterfly that had been caged within its chrysalis had most beautifully burst forth into a golden morning.

The wings of the butterfly are of gold metallic cloth and lace, crusted with patterns of jewels and sewn with beads and embroideries. The newer metal cloths are almost as soft as silk. They swing and ripple and gleam. Silver is as beautiful as moon-kissed mist, but the imperial gold, enriched with jewels and worn with slim coronet and heavy collar of gold or jewels and golden shoes, is the scheme for the formal robes of Madame de Vogue.

## Girl Mountain Climber Ascends Matterhorn

### MISS EILEEN JACKSON

A fifteen-year-old girl of Manningtree, Essex, has just performed a remarkable feat for one so young, in climbing the Matterhorn in four and a half hours. Miss Jackson rested at the top for half an hour, then descended in two and a quarter hours. The Matterhorn is a peak of the pennine Alps, situated on the border between Switzerland and Italy. It is noted for its inaccessibility, being 14,793 feet high. It was first ascended in 1865 by Whymper's party, of whom lost their lives.

### Regular Meeting

The R.O.W.I. will hold its regular meeting Wednesday, November 11, at 8:30 o'clock, at the Wayside Inn, East Saanich Road, when Mrs. L. H. MacQueen, convenor for home economics, will take the chair, and speakers will address the meeting. The second series of sewing and knitting classes was held at the home of Mrs. J. G. Nicholson, when embroidery was demonstrated with a fair attendance. The third series will be held at the home of Mrs. M. Campion, Wilkinson Road, on Monday at 8:30 o'clock, when Mrs. Campion will demonstrate raffia work.

### Sale of Work

The annual sale of work of the Daughters and Maids of England, Princess Alexandra Lodge, No. 18, will be held in the Harmony Hall, Thursday, to be opened at 2:30 o'clock and followed by a social and dance in the evening at 8:30 o'clock. There are many stalls, viz: Candy, home-cooking, plain needlework, fancy needlework, brantubs, etc. The conveners of each stall will be at the hall at 10:30 Thursday morning to receive any articles for their respective stalls.

### Queen of the Island Lodge

Guy Fawkes Day will be celebrated Thursday evening in the Orange Hall by a concert and social under the auspices of Queen of the Island Lodge, No. 29, I.O.B.A. All Orangemen, Orange Young, Britons, Lady Orange and True Blues will be welcome. There will be a short address delivered by R. Wor. Bro. A. Harron, Deputy Grand Master, and it is also expected that the R. Wor. Grand Master Bro. Hobbs will be present.

## Gyros Will Hold Big Hoe-Down On November 19

Agricultural Hall at Saanichton Will Be Scene of Great Revelry and Dance—Fine Entertainment

### Fete Will Be Memorable

The big Hoe Down, which will be held by the Victoria Gyro Club on Thursday evening, November 19, at the Agricultural Hall at Saanichton, promises to be one of the season's most novel and successful social functions. Tickets for the event will be on sale and it is anticipated that the entertainment will be liberally patronized.

Gyro Charlie Hunt and his band of Gyro Herenaders will be right on the job with the very latest popular dancing selections. Dancing will be indulged in from 9 p.m. until 2 a.m. In addition to dancing, there will be a variety of amusements including such sports as horse races, crown and anchor, etc. That the patrons of the Hoe Down will have a merry time practically goes without saying.

In view of the function being a Hoe Down, it is expected that many of those who attend will be garbed in rural attire, with the ladies wearing gingham dresses, and the male folks overalls.

Strong committees of the Gyro Club are working energetically to make the Hoe Down at Saanichton on Thursday, November 19, a memorable fete.

### Efforts to Stop Wastage of Apples Are Suggested

TORONTO, Nov. 4.—A letter from a woman on the wastage of apples, printed locally, says:

"Could not a committee of women of the calibre and executive ability of some of those women at the head of different organizations who so successfully finance such societies as the W.M.S., the I.O.D.E., the Y.W.C.A., and the heads of different charitable homes, get together and evolve some scheme by which this fruit could be placed where it would do most good? Are there not trucks belonging to the city or to generous business concerns that might be available to bring in the apples after they had been gathered and loaded by unemployed men sent out for the purpose? Could not these men be paid by the Federation for community service? Would it not be better to pay them for work than to give them the charity? Any surplus apples could be given to charitable institutions and to the Salvation Army. Of course it would have to be arranged so that the farmers' usual sale of apples should not be interfered with."

### Hudson's Bay Dance

A delightful dance was held last evening in the Alexandra ballroom by the Hudson's Bay Company employees. The ballroom was beautifully decorated with flags and emblems. There were about a hundred and fifty guests present, who greatly enjoyed dancing to the excellent music rendered by Charlie Hunt's orchestra. In honor of the recent Halloween celebration with its time-honored festivities the guests wore paper hats in the traditional Halloween colors, black and yellow. Mr. Stark was the chairman and Mrs. Carveth, Miss Bowden, Miss Goss, Miss Butler, Miss McKensie, Miss Ershaw, Miss Hunter, Mr. Dunn, Mr. Woodley, Mr. Jack Stephens and Mr. Grant were on the committee.

## Do You Bake Your Own Bread?

Few people in the city do so, because cooking, like laundry work, is now a scientific process. Years ago baking day was the big day in the home and WASH DAY was another. The rapid advance made in methods of baking and washing renders it unnecessary and expensive to stick to the old way. You know exactly what your washing costs when we do it, and you know that your clothes and your linen are not worn thin by rubbing.

## Mission Bands Rally to Take Place on Saturday

All Mission bands of the United Church are asked to meet on Saturday, at 3 p.m., in the schoolroom of Metropolitan Church, for a real rally day programme. Mothers and friends of these little workers are cordially invited to be present.

The executives of Metropolitan district of the Missionary Society and the Missionary executive of the Congregational women are to be the guests of W.M.S. Presbyterian executive at tea in the ladies' parlor of First Church on the afternoon of Friday, November 20, at 3:30.

These arrangements were made at the regular meeting of the executive of Victoria Presbyterial held as usual on the last Friday of the month. Very encouraging reports were given by the treasurer, who told of excellent returns from the various Auxiliaries, as their thank offerings. The devotional exercises of the meeting were participated in by a number of the members, led by the president. A letter from Miss Small, who for many years has given faithful service, asked to be relieved of her duties as corresponding secretary, was answered by giving her a very capable assistant and requesting her to carry on until the end of the year.

A woman hit a burglar over the head with a cricket bat, mistaking him for her husband. Her embarrassment was said to be pathetic.

Clubmen and Ladies Invite Public to Join in Merry Gathering—Musical Programme to Be Feature

### Annual Meeting Shortly

The Victoria Kiwanis Club will hold a big revel and dance Monday evening, November 16, in the ballroom of Alexandra House, Courtney Street. Dancing and other forms of entertainment will be included on the evening's programme, and refreshments will be provided. The function is being held to raise funds to pay for the cost of constructing the children's wading pool in Beacon Hill Park.

Announcement to this effect was made yesterday by Kiwanian Harold

An excellent musical programme was the treat furnished Kiwanians at their gathering yesterday, and proved thoroughly enjoyable to the clubmen. Miss Nora Jones, contralto of the First United Church, rendered several vocal solos very acceptably, being accompanied at the piano by Miss Daniels. Messrs. Frank Ailwood and George Brydson, of the Coliseum Theatre Company, were accorded generous applause for their contribution of recitations and songs.

President Dr. Howard Miller announced that the annual meeting of the local Kiwanis Club would be held shortly, and appointed nominating committees for the event. Kiwanians Mark Graham and S. J. Willis were named chairmen.

Secretary Carl Stocker stated that

Kiwanians would engage in bowling practice tomorrow night at the Pemberton Building alleys. All bowlers in the club are expected to be on hand.

### "Commonplace Book"

A whole world of imagery and poetry, romance and history was disclosed in "My Commonplace Book," a talk for Visionaries, which was the subject of a delightful discourse given by Mrs. Adams Beck on Monday night for the Victoria and Islands Branch of the Canadian Authors' Association. The speaker dealt with her subject in her usual charming manner, revealing her "Commonplace Book" as a wonderful symposium of the finest writings of literature of the centuries. Dipping into its pages she brought forth some exquisite treasures by Marcus Aurelius, Epictetus, Spinoza, Sir Thomas More, Lord Macaulay, Swinburne, and many others of the ancient and medieval, and subsequent writers.

The meeting accorded Mrs. Adams Beck a very hearty vote of thanks through the president, Mrs. N. de B. Shaw, and the remainder of the evening was occupied by Mrs. R. L. McMicking's brief description of her collection of historical clippings dating back to 1875.

### Halloween Shooting

BARRIE, Ont., Nov. 3.—Albert Woods, one of twenty youths who played pranks on the farm of James Booth on Halloween night, is in hospital here in a serious condition with a bullet in one of his lungs. Booth fired into a crowd with a .22-calibre rifle and Woods was hit. Booth was remanded Monday for a week on a charge of shooting with intent to do grievous bodily harm.

## Meeting Held by Friendly Help

Association Holds Regular Meeting—Many Families Receive Assistance

Miss Sara E. Spencer, president, presided at the regular meeting of the Friendly Help Association held in the rooms, Market Building, on Tuesday morning, when there were fourteen members present. A standing vote of sympathy was given Mrs. Fletcher, one of the association's oldest members, who has suffered the loss of a beloved husband.

Ninety-seven cases, representing 255 persons, were given assistance during the month; forty families, man, wife and children; thirteen lone men; eleven deserted wives with children; three deserted wives without children; six widows, seven widows with children, eleven couples and two lone children. Of these fifty-four received groceries, nineteen had fuel, thirty-six received milk daily, twenty-eight received meat, fifty clothing and forty received fruit, vegetables and jam, etc. Four outside cases were also dealt with.

The association will assist in tagging on Peppy Day, Saturday, November 7, in the Market Building. Donations of underwear for children, or money to buy new underwear, will be most gratefully received, as many little children are without the necessary clothing.

Thanksgiving gifts of jam, vegetables, or any other articles to help make that season brighter for families would be very much appreciated. The Friendly Help Association went on record as being sympathetic with Chief Fry's suggestion that the reckless use of fireworks be done away with.

At present a baby carriage is very much needed, also furniture, beds and bedding.

The following donations received during the month of October are most gratefully acknowledged: Cash—The City, A Sincere Friend, Mrs. D. R. Ker, A Friend, Mrs. Dunsinville, A Friend, Mr. Brownie, A Helping Friend, G. H. Dawson, W. L. Moran, Fuel Co., V.I.M.P.A.; Stinson's, Ltd.; Outer Wharf Grocery. Provisions—Mrs. R. ## Highest Priced Violin To Be Heard Next Week

The highest price ever paid for a violin, \$23,000, was paid by Efram Zimbalist, who appears here on November 11 at the Royal Victoria Theatre, under Ladies' Musical Club auspices. The violin, known as the Titian, has never been heard before in concert since it was first sold by Stradavarius 205 years ago to Count d'Evry. It has had only four owners in all that time, and is one of the four finest violins in the world, the others being the Joachim, owned in London; the Menuhin, owned in Berlin, and the Alard, owned by a Scottish family, none of which is for sale at any price.

## Outlaw Brewery Uncovered

BUFFALO, N.Y., Nov. 3.—The largest outlaw brewery uncovered in Erie County since the enactment of the 18th Amendment was discovered here yesterday by the special brewery squad. The brewery was housed in a packing plant and contained beer and equipment worth \$75,000. No person was in the place when the raiders arrived.

## Young Skaters Drowned

## Problem of Feeble-Minded to Be Probed

Special Committee of House to Be Appointed to Investigate "Alarming" Situation

In order to seek some solution of the problem presented in British Columbia by the growing number of feeble-minded people housed in various sanatoriums and asylums, a special committee of the House will shortly be appointed by the Legislature to carry on an extensive investigation. In the speech from the Throne Monday afternoon the situation was designated a "matter of grave concern."

In a notice of motion made yesterday, by Hon. William Sloan, Provincial Secretary, some details relative to the situation in the Province were enumerated. The increase in the number of persons being treated in mental hospitals and its branches was described as "alarming." Sixty-six per cent of the inmates of such institutions were not Canadian born, he said, and ninety per cent of them were not natives of British Columbia.

The cost of maintenance of the mentally afflicted in British Columbia had increased to \$750,000 per annum, exclusive of capital charges, and the treatment and care of sub-normal and mentally-deficient children had also grown to be a burden upon the public. It was pointed out that capital charges included \$1,500,000 for the construction of a mental

hospital at Esquimalt, and already the institution was over-crowded with patients.

It is not expected that the special committee will be able to submit any report to the Legislature during the present session, the duties which it must undertake are so onerous that it will be forced to secure most of the necessary data between sessions.

## "I Suffered Terribly With Sore, Aching Back"

Mrs. Roland Ferguson, 154 Lake St., Peterboro, Ont., writes: "For over two years I suffered terribly with sore back. I was almost mad with the pain, and had doctored with it until I was discouraged. Then my father, who is a firm believer in Dr. Chase's Kidney-Liver Pills, advised me to try Dr. Chase's Kidney-Liver Pills. I followed his advice, and am glad to say I was completely relieved of that torturing pain in my back. It is over a year since I used these pills, and I have had no return of the trouble, but always keep them in the house."

## Thirty Teams Enter for City Basketball League

**Final Date for Entries Set at November 10—League Will Start at Armories With Three Games on Night of November 21—To Form Referees' Board**

Thirty entries were accepted to the Victoria City Basketball League at the meeting held last night in the Y.M.C.A. Practically all of last year's teams will again be seen in action while a number of new entrants help to swell the list to one of the largest that has ever been under one association in this city. Through the inclusion of several other organizations to enter at last night's meeting the entry list will be left open until November 10, when the schedule will be definitely arranged and plans for the season adopted.

All games in the league this year will be played at the Armories. The opening date was set for November 16 when three games will be played. Following the three games on Monday, Wednesday and Friday of each week will take place until the schedule is completed.

As was done last year, the teams this season will be divided into classes A, B and C in the men's league and A and B in the ladies'.

**Form Referees' Board**  
This year the league is contemplating the forming of a referees' board, which will have complete charge of

the appointing of referees for all games and also settle disputes, should occasion arise. A delegate from each of the men's teams will constitute the board.

The league decided to affiliate the men's senior team with the British Columbia Basketball Association. The entries for this division will be left open until November 25 in order to give all the teams a chance to see how they stand in strength. The winner of that division will be eligible to play in the B.C. championship series.

The entries made in the various classes last night were as follows:  
Men's "A" Division—C.P.R., Sooke, Victoria College, C.P.R., Falcons, James Bay, Methuena and Onwago.

Men's "B" Division—Sons of England, Priors, Y.M.C.A., J.B.A.A., Esquimalt and Cedar Hill.  
Men's "C" Division—11th Machine Gunners, St. Andrew's, Sons of St. George, Sooke, Gorge, Hudson's Bay, Navy and the C.P.R. second team.

Ladies' "A" Division—Victoria College, R.S. Telephone, Normal School and C.P.R.

Ladies' "B" Division—Flashlights, Hudson's Bay, Victoria High School and Spencers.

## To Resume Play In Combination Cup This Week

**Three Games Are Down for Decision—Veterans and Juniors Are Playing "Rep" Teams on Monday**

The second round of the soccer competition for the Combination Cup will be played on Saturday next, the games being as follows:

Esquimalt vs. United Services, referee Payne.  
Victoria United vs. James Island at Royal Athletic Park, referee McMillan.

Sons of England vs. Wests at Central Park, referee Saunders.  
All games are to start at 2:45 p.m. The junior game for Saturday will be between Esquimalt and Spanish and will be played at Central Park at 2:30.

The juvenile game will be between High School and Oaklands at the High School ground.

**Monday Games**  
On Monday next the Veterans will play the pick of the league and the juniors will play the Wednesday League. The junior team will be composed of the following: Harper (Vets), Keweenaw (Esquimalt), Preston (Spanish Thistles), Preston (Thistles), Crowe (captain), (Thistles), Davis (Veterans), Kelman (Thistles), Burch (Thistles), Wagland (Esquimalt), Ivening (Thistles), reserves, Kennedy, Essler, Hill and Sellers. This game will start at 10:45 at Beacon Hill.

**International Boxing Programme Arranged By Duncan Promoter**

The programme of events for the international boxing contests which are to be held at Duncan on Saturday evening under the management of W. H. Hatstone is as follows:

65 lbs. class, four rounds—Jackie Patterson, Nanaimo, vs. Vic Holman, Duncan.

65 lbs. class, four rounds—Clarence Leach, Victoria, vs. Charlie Stocks, Duncan.

90 lbs. class, four rounds—Jimmy Warwick, Duncan, vs. Jimmy Petrie, Nanaimo.

118 lbs. class, four rounds—Dave Lewis, Victoria, vs. Phil Ripall, Seattle.

125 lbs. class, four rounds—Vincent Shea, Seattle, vs. Vancouver contestant.

154 lbs. class, four rounds—Tommy Fielding, Victoria, vs. Charlie Genaro, Manila.

145 lbs. class, four rounds—Bill Moore, Nanaimo, vs. Alf Spruston, Ladysmith.

135 lbs. class, six rounds—Charlie Bradshaw, Duncan, vs. Len Brookbank, Duncan.

The first bout will start at 8:30 sharp.

## Hunting Cup, Bogey, Second Round Draw

Following is the draw for the second round of the Hunting Cup players' bogey competition, to be played at the Colwood Golf and Country Club on Thursday, November 5:

Mrs. King and Miss Sara Spencer.  
Mrs. Abel and Mrs. Hutchinson.  
Mrs. Wilding and Miss I. Wilson.  
Mrs. Pocock and Mrs. Godfrey.  
Mrs. Parry and Mrs. Philbrick.  
Mrs. Patterson and Miss Hayward.

## Salt Spring Island Wins Hockey Match

SALT SPRING, Nov. 3.—The grass hockey match which took place Saturday in the Agricultural grounds, Ganges, between the Duncan and Salt Spring Island teams, resulted in a win for the home team by six goals to three. Those playing for Salt Spring were Miss P. Taylor, Miss D. Crofton, Mrs. C. R. Weatherill, Mrs. C. Ley, Miss Brynjolfsen, Doreen Crofton (captain), Desmond Crofton, T. P. Sped, H. Price, J. Abbott, C. R. Weatherill. Goals were scored by Desmond Crofton (1), Desmond Crofton (2), Miss P. Taylor (1), and Mrs. C. Ley (1).

## Bays Will Meet Bakers Today in League Football

Kirkham's Will Try Conclusions With Tillamums—Garrison and Navy Postpone Their Engagement

**Leadership Is at Stake**  
Only two Wednesday League football games will be played today, and not three as scheduled. The game between the Navy and the Garrison was postponed as the latter club found it impossible to field a team as most of their players are on duty.

Today's games are: Hudson's Bay vs. Rennie & Taylor's at Central Park. Kirkham vs. Tillamums at Beacon Hill. Both games are scheduled to commence at 3 p.m.

**At Central Park**  
When the bakers and the departmental store eleven clash at Central Park today the league leadership of the midweek soccer loop will be at stake. The breadmen are topping the ladder with four points, while their opponents are tied with the Tillamums for second berth with three points.

A win for the Hudson's Bays today will place them at the top of the ladder, but victory for the bakers will give them undisputed occupation of the premier berth for another week.

Rennie & Taylor's are hitting a lively clip, but their opponents the Bays have a good team out today in an endeavor to bring home the bacon, and the followers of local soccer who wend their way to Central Park should witness a good game.

While these teams are battling for soccer supremacy at Central Park, Tillamums will do battle with Kirkham at Beacon Hill. The Tillamums are tied with the Hudson's Bay for second berth in the Wednesday Football League, and victory today will assure them of holding this position for another week, but defeat will make quite a change in the league standing.

Today's line-ups are announced as follows:  
Hudson's Bay—Thompson, Gilson and Gardiner; McKay, Webber, Kirchin, Clarke, Woodley, Cull, Hansen, Carey, Reserves, Addie and Main.

Rennie & Taylor's—McIntyre and Armstrong; Hall, H. Moulton and Rutledge; Patterson, Fletcher, Routledge.

**Beats Bikes Record**  
MELBOURNE, Nov. 3.—J. McLeod today beat the world's bicycling record for 100 miles, unpaired, which was made on October 23 by Allan Quinton, doing the distance in four hours, 36 minutes, four seconds. Quinton's time for the distance was four hours, 37 minutes, 23 seconds.

of feet of the hole and my experience taught me that Murray could not get down in two strokes from where he was, and so I figured in my mind that I would win my match by six up and five to play. Bill Murray was a fighter, and never would give up, but always tried very hard and so he went up to this shot with determination which amazed me because of the fact that our match was nearly over. He had about a fifteen yard shot and the nearest he could possibly land to the hole would be about ten feet, and I figured he was too close and the shot was too short to put any backspin on it and that he would have at least a fifteen-foot putt. Well sir, he played that shot and it did land ten feet the other side of the cup, but to behold! It started backwards with the most amazing amount of backspin I have ever seen, probably more than if anyone had been able to pace the ball for a 150 yard shot, and what is more, the darn little ball rolled right back into the cup. I was "flabbergasted." It may be interesting to know that I had to hole a fierce putt on the 17th green, or the 15th hole to win the match.

## This Man Ate Huge Meals Until He Died

LONDON, Nov. 3.—I think that more deaths occur from overeating than from over-drinking," said Dr. Waldo, the coroner, at a Southwark inquest on Thomas Henry Smith, aged fifty-seven, a brushmaker, of Cumberland Buildings, Tabard Street, S.E.  
The widow stated that her husband had always been a hearty eater. A day or two before his death he had for his supper half a pound of corned beef, half a pound of Cheddar cheese, four pennyworth of fried fish, a pennyworth of shrimps, potatoes, and a pint of milk. The next night he had half a baked sheep's head and a pint of milk. He was unable to sleep that night owing to pains in his stomach.  
Dr. J. Elliott Jameson stated that Smith's heart was diseased, and the meal mentioned by the widow would have killed any ordinary man. A verdict of "death from natural causes" was recorded.

**Editor of Ende Dies**

## Rugby May Be Postponed For Another Week

**Lack of Rain Keeps Grounds Hard and Union Decides to Take No Chances With Having Players Injured**

**Services to Lose Donald**

Senior rugby may be retarded another week unless sufficient rain falls between now and Saturday to make the grounds soft enough to play on. Last Saturday at the opening of the Canteen grounds some of the players were shaken up considerably, and officials of the Rugby Union, at the meeting last evening, decided to take no further chances in having any of their players injured, and will postpone the schedule unless J. Pluvius makes his appearance.

The Oak Bay "Oaks" and United Services are billed to meet on Saturday in the second game of the schedule. Should the grounds be in shape the Willows Park will be used instead of the Canteen grounds.

The game arranged will be the first meeting of the two squads. Last Saturday in the opening game of the season the "Oaks" took the Bays into camp by a score of eight to nil, but whether they will be able to repeat against the Services is a matter to be seen. The combined forces have several new players on their list this year, and are looking forward to a successful season.

**Intermediate Games**  
Three games are scheduled in the Intermediate League this week. Tomorrow afternoon at 2:30 the University School and Normal School will meet at the University School grounds, while on Saturday the Oak Bays-Wanderers will journey to Cowichan. The only other game scheduled for the same day will be played between the J.B.A.A. and the Victoria College at the High School grounds. Should the grounds be too hard, the games in this league will also be postponed.

The Services this year will be without the services of their star forward, Donald, who led their scrum last year, and was one of the Victoria rep players. Donald has been transferred to Halifax, and will leave on Sunday. His loss will be severely felt by the Services and the rep team.

Several of last year's players will again turn out with the Services, while a number of new faces will also be seen. Among those who are counted on to appear with the combined forces are Putman, Grant, Kirk, Parker, Bush, Wood, Malangu, Unwin, Godfrey and Allan.

Henry Buss, a former member of the Vancouver Wanderers, will be out with the "Oaks" on their next appearance. Buss is well known as a rugby player, and his appearance with the Oak Bay team should add a great deal of strength to the scrum.

**Falcons Will Open Season on Saturday**  
The curtain on this season's basketball goes up on Saturday night in the big gymnasium at the Y.M.C.A., when the Falcons of the First Presbyterian Athletic Association, last year's City League champions, go up against a number of new faces. It will be remembered, lost out in the British Columbia championship finals last year by one point to the Un-

**Mrs. Philbrick Medalist**  
The monthly medal competition of the ladies of the Victoria Golf Club, played yesterday, was won in A Class by Mrs. Philbrick, with 82 gross, 74 net, and in B Class by Mrs. C. E. Wilson, with 102 gross, 74 net.

**Wrestling Results A**  
MONTREAL, Nov. 3.—Mike Romano, heavyweight wrestler of Italy, defeated Sandy Macdonald, in A land, two falls out of three in their match here last night. In the semi-final Paul Lebrun, the Swiss grappler, took two straight falls from "Bill" Sherry, of Montreal.

CHICAGO, Nov. 3.—Joe Stecher, Nebraska heavyweight wrestler, last night defeated Dan Koloff, of St. Louis, in two straight falls with body scissors in forty minutes fifty seconds and ten minutes ten seconds, respectively.

**Kansas Beats Kelly**  
BUFFALO, N. Y., Nov. 3.—Rocky Kansas knocked out Battling Kelly, of Baltimore, in the first round of a bout scheduled for ten rounds here last night. Kelly was floored by the first punch but managed to regain his feet and weathered the battle for two minutes.

**St. Denis Is Delegate**  
NELSON, Nov. 3.—D. St. Denis, of Nelson, has been elected a Kootenay delegate to attend the annual meeting of the British Columbia Amateur Hockey Association at Vancouver next week. Mr. St. Denis was also named to succeed George Murray, of Trail, as the district representative of the B.C. Amateur Hockey Association.

## Sportive Punches

By the "Old 'Un"

Pheasant shooting is good sport, when you have enough shots. Golf is good sport when you don't have too many shots.

Being more or less catholic in his sporting tastes, the Old 'Un does NOT see why he should deride another man's favorite sport because it does not happen to be his own.

The other day he was just arriving home carrying a bag (full of golf clubs) when he met an acquaintance also just arriving home carrying a bag (nearly empty of pheasants).

"Hulloa there!" said he of the nearly empty bag, "what the dickens d'YOU want to play that game for? That's an old man's game."

Passing by the implied compliment that the present deponent is not yet an old man, the Old 'Un almost refrained from an argument. But, reflecting that Venator of the nearly empty bag might be missing something, he ventured a reply somewhat thusly:

Golfator—Good even to ye, Venator, and trust that you have had a merry day with the longtalls withal. Although methinks you bag weighs somewhat lightly on your shoulder.

And our thanks, good friend, for your kind words of sympathy for the growing weight of our years which impels us to seek pursuits more suited to our age.

Venator—Gramercy, good Golfator, I mean no harm and trust that you will not take amiss my jesting reference to your change in habits and pursuits. Time was ere this, and well you remember, when you and our good friends, Sport and Dash, have climbed the hills together in pursuit of grouse or dodged Agricola when after pheasant or quail.

Many a time have we shared the proceeds which our goodwives have wrapped for us in snowy napkin and brown paper, and methinks, good Golfator, those were merry days and sportive withal.

Golfator—In good sooth, Venator, you say the right. And right glad would I be to again pass such days with you in sport such as we used to enjoy. But alack, Goodman true, the days are gone when birds were many and limbs were young. How many shots, prithee tell me, didst fire the day?

Venator—Nay, I did fire but the one shot, but look you the noble pheasant that I killed! Indeed, Golfator, 'twas the only cock I saw. Was I not the lucky hunter to bag him with my only shot of the day?

Golfator—Indeed 'tis a fine bird, good gossip, and no doubt you did well to bag him. And yet, methinks, an so skilled a hunter as thyself and with such a fine trained dog, could see but one throughout the day, 'twere pity you should not have let him live. The birds, meacums, are getting somewhat scarce.

Now I, Venator, have this day taken some two hundred shots, perchance even more, with the clubs in this caddy bag, and with each shot, good my friend, it has been to me more difficult to achieve a full measure of success than of yore it was with fowling piece at yonder bird.

And on our jaunt around the links we have seen, albeit accompanied by no four-footed friend, more than a brace or a leash of the long-tailed ones, and mighty pleasant, I t'faith, did they, look withal with the morning rays shining on their plumage.

But enough! 'Tis not for old comrades of the chase to wrangle! Although, Gude wot, 'tis for this reference to know all the delights of the chase, whether of game bird or small white ball, while you, lacking years of wisdom, know but the one—an yet.

But see, here we are come to the Big Red House. Let us in awhile, and discuss the day's sport, as yet we may, over a measure of good amber 'Boul malt brew. And so I may persuade you to join us on the links next Sabbath morn, perchance.

## Challoner & Mitchell Cup Competition Has Now Reached Finals

Following are the results of the semi-final round played at Oak Bay in the Challoner & Mitchell Cup competition:

**Cup Flight**  
W. H. McNis defeated J. D. Vir-tue, 1 up.  
J. E. Wilson defeated L. H. Hardie, 4 and 2.

**First Flight**  
New Patterson defeated H. O. Kirkham, 6 and 5.  
Dr. Scott-Moncrieff defeated H. P. Bagley, 1 up.

**Second Flight**  
A. E. Haynes and H. P. Johnson were "all square" and will play another round.  
Louis York defeated Harold Haynes, 2 up.

Major Trevor—who was so badly wounded in 1915 by a German bomb which exploded against his arm Browne belt that he was reported dead—became a partner in the firm after he left the army in 1919.

Although he was only twenty-five years of age, he quickly became famous for his knowledge and judgment in the business, and by 1921 he was a director of numerous cotton mills and other companies.

So swiftly did the business with which he was associated grow that the firm were compelled to open a London office, which he himself organized.

Major Trevor's ill-health, partly due to the constitutional results of his war wounds, has been aggravated by overwork. It is understood that he will retire from active business for a year and convalesce in Southern California.

He married Lady Juliet Duff, daughter of the fourth Earl of Londale, and widow of Sir Robert Vivian Duff, in 1919.

## British Airmen May Don Chain Armor

LONDON, Nov. 3.—Chain mail vests and steel helmets may soon be standard equipment for machine gunners in British bombing planes.

The proposal is being seriously considered by the British Air Ministry following a study of the greater vulnerability of the position in which the gunner in an airplane fights as compared with the pilot.

The pilot is protected from direct frontal attack by the bulk of the engine in front of him, and from behind by the position of the gunner's body and considerable equipment. Only a part of his head appears above the fuselage.

The machine gunner in the rear cockpit, however, has no protection from rear attack, and must in addition expose a considerable part of his body above the cockpit if he is to stand so as to get the maximum efficiency from his guns. Plans to house the gunner in revolving steel turrets are not considered especially practicable, owing to the fact that such arrangements necessarily delimit the gunner's range of vision.

Every fresh outbreak of hoof and mouth disease in England brings strict enforcement of regulations preventing movement of animals within affected areas. Numerous fox hunts have been cancelled through police action in depicted areas.

City of British Columbia Dr. French, manager of the Duncan aggregation, writes that all of last year's stars will be along with one or two newcomers.

As a preliminary a game has been arranged between Duncan's senior ladies' team and the Axioma last year's intermediate Sunday School champions. Both teams are reported in good shape, having been in practice for some time.

Tickets for the games can be obtained from members of the Axioma and Falcons' teams and also at the Y. M. C. A.

Standards are more colorful than ever this year. Ulsters and top-coats are made up in cheery shades of rich woollens lifted from noted looms. Semi-ready coats predominate as always... equal to wind, rain or feminine glances.

### Lefty Cooper Scores Knockout in Fight With Ritchie Davis

SEATTLE, Nov. 3. — "Lefty" Cooper, San Francisco lightweight star, in his first contest since he was bowled over by Mickey Walker last summer, scored a K.O. over Ritchie Davis, of Seattle, in the fourth round of a scheduled six-round bout here tonight.

Cooper was in fine fettle and had the upper hand from the start. He knocked Davis down for the count of nine in the second round with a left sock under the heart and put Davis away for keeps in the fourth with a terrific left-hand drive to the short ribs. The blow took all the fight and wind out of the Seattle boy. He was a sick youngster.

## Capt. Griffith Given Vacation

Skipper and Engineer of President Jackson Earn Bonuses for Running Ship

When the Admiral Oriental liner President Jackson sails for the Far East November 11, Armistice Day, in command of that ship will be Capt. Thomas P. "Fair Weather" Quinn, who is to relieve Capt. John Griffith, who is taking his first vacation since he took command of the President Jackson more than three years ago. Capt. Griffith is taking two months' vacation. Capt. Quinn, who will command this vessel for the voyage, is in command of the steamship President Taft, due at San Francisco from the Orient today. On his arrival there he will return at once to command the President Jackson. In the meantime, however, Capt. R. D. McGilvray will relieve Capt. Griffith.

Incidentally the efficiency record of the President Jackson has earned bonuses for the commander and the chief engineer, and the vessel is generally commended by the United States Shipping Board as one of the most economically operated of all the Government-owned passenger carriers.

The ship's departure from Seattle, which generally takes place at 11 a.m., will be postponed for two minutes in memory of those who fell on the battlefields of Flanders.

## Ms. Nahmint Is Due Here Today

Salvage Queen Is Successful in Raising Motorship—Vessel Badly Damaged

The Pacific Salvage Company's steamer Salvage Queen is expected back in port this morning with the motorship Nahmint in tow. The Nahmint, owned by the Wallace Fisheries Limited, was badly damaged when she struck a rock in Kyugot Sound and sank in thirty feet of water. She was successfully raised by the Salvage Queen.

The Nahmint is a vessel of sixty-seven feet nine inches in length, fifteen feet five inches in breadth, and six feet one inch in depth. She has a Diesel engine of six nominal horsepower, driving a single screw. She is forty-five tons gross and was built at Steveston, B.C., in 1920. She is a comparatively new vessel and cost nearly \$50,000 to build.

She will be hauled out here for survey, following which tenders will be called for her repairs.

### Notice to Mariners

(121) Vancouver Island, Victoria Harbor entrance, Beers Island—Character of the fog alarm to be changed. Date, without further notice. Position, on southeastern extreme of Island. Latitude N. 48° 25' 27", longitude W. 123° 23' 32". Change in fog alarm: The electric fog siren will be replaced by an electric fog bell which will ring continuously during thick or foggy weather.

(122) Vancouver Island, east coast, Stuart Channel, Osborn Bay, Crofton—Change in character of light. Position, on southeasternmost Shoal Island. Latitude N. 48° 53' 30", longitude W. 123° 37' 43". Change in light: The fixed white light has been replaced by an occulting white acetylene light, automatically occulted at short intervals.

(124) Entrance to Portland Inlet, off Kats Island—Uncharted rock. The officer in charge of the Pacific Coast branch of the Canadian Hydrographic Survey reports the existence of a rock with 2½ fathoms on it, about 4 cables 112° (N. 71° W. mag.) from Maackelne Point, Kats Island. As the rock has not been definitely fixed, the approximate position only can be given.

(125) Prince Rupert Harbor, Grindstone Reef—Light to be established and buoy to be discontinued. Position, on rock which dries 10 feet northward of Grindstone Point, at easterly entrance to Vann Passage. Latitude N. 54° 13' 32", longitude W. 126° 23' 16", taken from Canadian Hydrographic Survey chart No. 361 (edition, September, 1924). Character, occulting white acetylene light, automatically occulted at short intervals. Elevation, 17 feet. Structure, concrete base surmounted by a staff carrying a white slatwork cone with red lantern on top. Remarks: Reef extends approximately 75 feet northward of beacon where it dries one foot. The light will be put in operation without further notice and the red spar buoy removed on or about November 15, 1925.

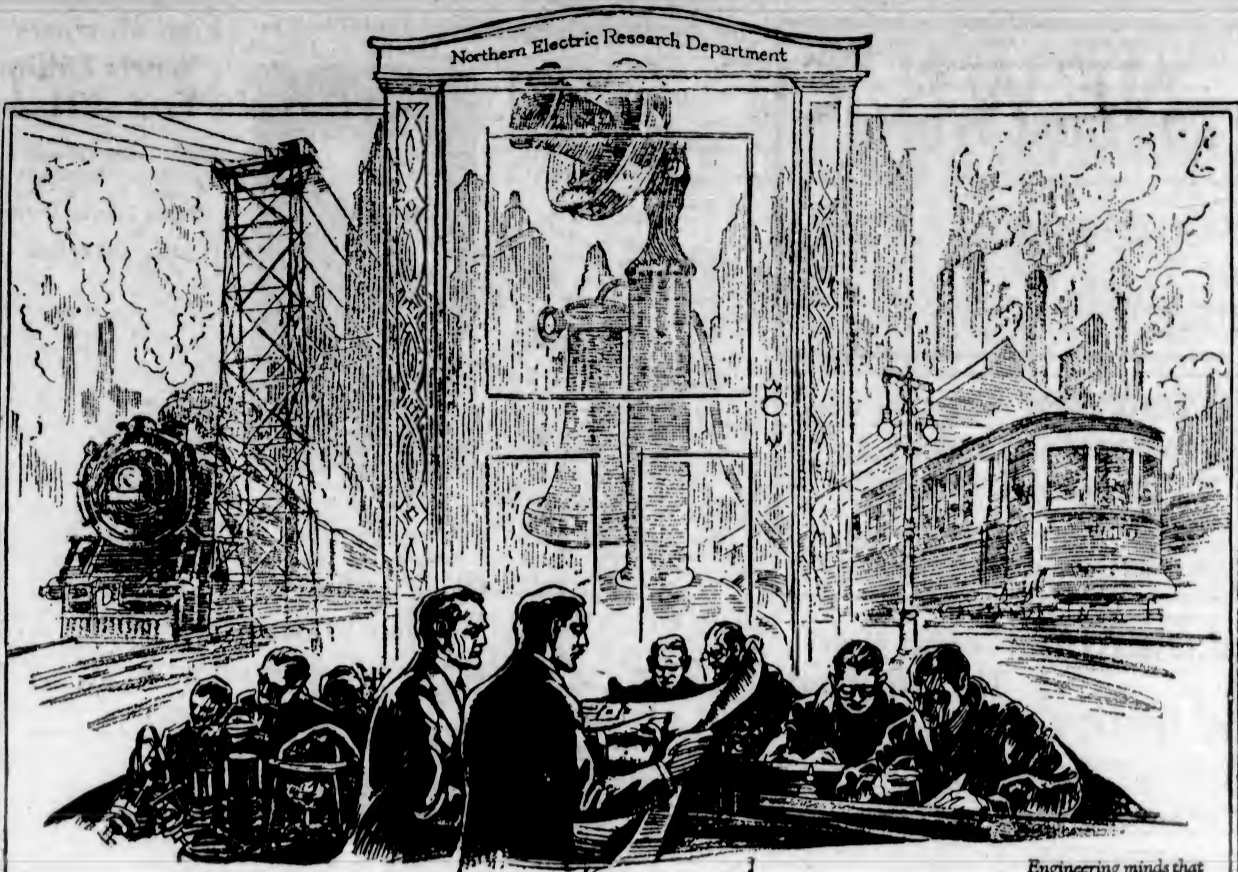

## Gardeners Hear Address on Trees

Best Orchard Practice With Fruit Trees Is Stressed as Essential by Prof. Barsz

"In the last analysis the tree tells its own needs, and the successful fruit grower will be the one who recognizes these needs and supplies them," said Professor A. F. Barsz, of the Department of Horticulture, University of British Columbia, in speaking to a largely attended meeting at the City Hall last evening, held under the auspices of the Victoria and District Gardeners' Association.

Mr. Barsz's subject was "How to grow fruit on your fruit trees." He argued that the tree must be regarded as a living thing, eating, drinking and breathing like other living things. The tree itself was the outward expression of an internal condition, a condition brought about by changes in nutrition.

The lecturer pointed out that the performance was determined by the relative proportion within the tree of two types of food, "that which is taken through the roots into the tree from the soil, and that which is manufactured by the leaves assigned by sunlight and fresh air." Mr. Barsz considered the situation from the standpoint of the physician diagnosing the disease of a patient, and declared the amateur gardener should consider the needs of his trees. The speaker explained the various orchard practices, such as pruning, spraying, cultivating, the use of fertilizers, explaining why each should be used. The orchardist must understand the right use of relief mea-

## The DOOR to the FUTURE

TO-DAY there are prophets—more than at any time in the world's history.

They are found in big business institutions, for big institutions are built on the faith and vision of far-seeing men. While other men around them work in 1925, these business prophets work, by habit of thought and training, in the future—five, ten, yes, twenty or twenty-five years ahead of the times.

They are the men who are planning new applications of science and industry: perfecting new processes, new products, new appliances—not for today, but for the time when public service will demand them.

In the research department of the Northern Electric Company there is a door through which the men of this engineering organization are always trying to peer.

It is the door to the Future Electrical Age.

Our products of today are the result of their efforts in peering through that door. Products which will appear on the market perhaps tomorrow, perhaps five or ten years hence—these have already crossed the vision of the prophets who peered through that magic door and saw the needs of this and future generations.

Engineering minds that are forever anticipating the future needs of a people and their industries.

ure to obtain the best results, he pointed out.

The thanks of the meeting to the lecturer were conveyed by the vice-president, Mr. R. F. Leighton, who occupied the chair.

An excellent display of flowers and vegetables was made in the monthly competition. Mr. George Little secured twenty points, Mr. H. H. Cooper twenty points, and Mr. Angus McKay nineteen and one-half points.

### Return Shows Heavy Cost of University

Continued from Page 1

factors of the University who wanted changes made from the original plans. In this regard it is declared that President L. S. Klinek of the University takes his full share of responsibility. One item of "extras" amounts to \$14,000 for scientific equipment and was due to a change in professors just after the original

plan had been drawn up by the retiring member of the staff. Another item of \$30,000 was added in "extras" to the heating plant in order to make the equipment suitable for laboratory purposes as well as original purpose. Many other similar changes and additions to the cost are outlined in the return.

### Contract Price Exceeded

The original cost-plus system on a basis of ten per cent of the contract price was used in connection with the building of the science building. The contract price was \$715,000 and provision was made to pay ten per cent commission on any sum up to \$600,000. The actual cost of the building was \$830,000.

The contractor has been paid \$60,000 commission and the architects, Messrs. Sharpe & Thompson, have recommended payment of an additional \$14,000, being commission on \$140,000 new work or "extras" ordered after the contract had been let. Of this new work \$22,000 was ordered to meet the requirements of the staff and the rest, it is said, was due to vital changes in the heating system due to improved methods in the science of heating.

Another memorandum attached to the return seeks to prove that strict economy has been practiced in connection with the University buildings construction and in this regard compares present cost figures with expenditures called for in a scheme to

provide accommodation for 1,800 students made in 1914 by the Government of Sir Richard McBride.

Mr. R. H. Pooley intimated last night that he was very far indeed from being satisfied with the information contained in the return made and he will press for more details in all branches of expenditure.

### Party Celebrates Hallowe'en at Eberts

Mr. and Mrs. S. Anguin Are Hosts at Delightful Function

PROSPECT LAKE, Nov. 3.—One of the most successful of month-end entertainments held in honor of Hallowe'en had Mr. and Mrs. S. Anguin, of Eberts Station, as hosts on Saturday night, when over eighty guests gathered to make merry. The residence, which is situated in the midst of the bush and built entirely of logs, was beautifully decorated with Hallowe'en colors and figures, while the varied costumes worn by the guests added to the animation of the whole. Dancing was the order of the evening, while an added attraction was the several solo items rendered by the following: Mr. Gage and Mrs. Cover-

### Pretty Wedding In Vancouver

Miss Nancy Stirling and Mr. Lewis Robinson Married at Charming Wedding

CHEMUNUS, Nov. 3.—On Friday evening, October 30, a pretty wedding took place at the home of Mr. and Mrs. J. B. Stirling, 2828 Cornwall Street, Vancouver, when their youngest daughter, Nancy, was united in marriage to Mr. Lewis H. Robinson, son of Mr. and Mrs. J. H. Robinson, of Chemunus. The bride entered the room on the arm of her father to the strains of the wedding march from Lohengrin, played by Miss Theresa Hart. The bridegroom stood under a large horseshoe arch decorated with ivy and white chrysanthemums, the ceremony being performed by the Rev. G. O. Fyfe.

### Dramatic Feature Attractively Given

Fine Recital Is Given by Miss Theresa M. Siegel at Mahon Hall

SALT SPRING ISLAND, Nov. 3.—On Friday a successful dramatic recital took place at the Mahon Hall, Ganges, under the auspices of the Ladies Aid Society.

In a few words the Rev. Geo. Dean introduced Miss Theresa M. Siegel, who accorded her large and most enthusiastic audience an exceptional treat and once again sustained her marvelous reputation as a dramatic reader. The play chosen was Bayard Veiller's four-act drama, "Within the Law," in which Miss Siegel impersonated the thirteen characters, both male and female, in such a manner that no one could fail to recognize the genius of her impersonations. As the former, Jim Carson, perhaps her dramatic ability showed itself at its best; the characters of Edward Gilder, millionaire owner of the Emporium, and two officers of the law were capably portrayed, while in those of Mary Turner, wrongly accused heroine, and Helen Morris, the real culprit, this marvelous actress showed to the full her power of pathos and sentiment. She also gave a most amusing and realistic interpretation of Aggie Lynch.

In spite of Miss Siegel's long and strenuous task, she kindly gave two comic recitations especially for the children present. These were highly appreciated. Between the acts there were some vocal contributions to the programme. "This Hour With You" was rendered by Miss Dean, who also, with Miss Thompson, sang the duet "The Land of the Long Ago." A comic solo, "Some Day I'll Make You Love Me," by Mrs. J. B. Jones, and "I Saw You Go By," by Miss Brynjolfsson, completed this most enjoyable programme. Mrs. Roy Campbell acted throughout as accompanist.

### Silver Tea Aids Sporting Equipment

PROSPECT LAKE, Nov. 3.—A delightful silver tea was held by the pupils and teachers of Prospect Lake School on the eve of All Saints, and the classrooms were prettily with floral decorations especially adapted to the celebration of the day. School Trustee Hobbs and Trustee Mrs. F. McN. Beckett were interested visitors during the afternoon. Mrs. Morton and Miss Boyd, teachers, were assisted by the pupils in serving the delicious tea to the large number of parents and friends present. During the tea hour Miss Anderson, a former teacher at the school, who is now at West Saanich School, was presented with a slight token of esteem by her former pupils. The proceeds of the affair, amounting to over \$20, are to be used for sporting equipment for the playgrounds at the school.

### HOW ATHLETES TREAT STRAINS AND SPRAINS

Gymnasium director advises simple, easy treatment

Hard exercise brings lame muscles—and often bruises and strains as well. An athletic director in a gymnasium at Utica, N. Y., writes that he has found a simple and always effective way of treating them.

"Just put on a little Sloan's Liniment, as the bottle says, without rubbing. It takes out stiffness and pain as nothing else will. We have it all ways on hand and we think it is the best ever."

Sloan's gives real help because it doesn't just deaden the pain; it gets at the cause. Right to the place that hurts it brings a healing tide of fresh new blood—builds up the injured tissues—cleans out the fatigue poisons. Almost at once you feel relief. Stiffness, swelling, inflammation go down. The pain stops. Get a bottle today and have it on hand. All druggists—25 cents.

### Sidney Social News

SIDNEY, Nov. 3.—An enjoyable Hallowe'en party for the Brownies and Wolf Cubes was held in the Scout Hall by Mr. V. Goddard, cub-master. Mrs. Ramsey, brown owl, Mrs. Goddard, twenty owl, and Mrs. Shade. The hall was prettily decorated, and a very pleasant evening was spent in games and contests, at the conclusion of which a delicious supper was served. Before leaving the little guests gave three hearty cheers for their host and hostesses.

The North Saanich Social Club spent a very pleasant evening in their clubrooms on October 31. Most of those present were masked, and some very amusing costumes were worn. There were thirteen tables of progressive five hundred, and two independent tables. The lady's prize was won by Mrs. G. McLean, while Mr. McLean captured the gentleman's prize. After supper an enjoyable dance was held, excellent music being supplied by Mr. McLean and Mr. R. Brethour.

Mrs. Runion, Beacon Avenue, has left for Victoria, where she will in future reside.

Mrs. Norman Armstrong, of Vancouver, has been visiting at the home of her parents, Mr. and Mrs. J. Armstrong, East Road.

Miss Mamie Liddie, Fourth Street, has left for Victoria, where she has accepted a situation.

### Knights Meet In Duncan for Convention

Session Begins There Today  
for Both Men and Women  
Members of Knights of  
Pythias

#### Pythian Sisters Confer

DUNCAN, Nov. 3.—The thirty-second annual convention of the Knights of Pythias Grand Lodge of British Columbia, and the eighteenth convention of the Pythian Sisters Grand Temple, will be convened in Duncan tomorrow.

Grand Chancellor J. W. Jones, of Nanaimo, will call the Knights' convention to order, at 10 a.m., in the Odd Fellows' Lodge room, while Grand Chief Mrs. M. D. Dunlop, of Ladysmith, will officiate in like manner at the opening of the Sisters Grand Lodge meeting in the K. of P. Lodge room.

Both conventions will be officially welcomed by Mayor J. L. Muter, of Duncan, and Heave John N. Evans, of North Cowichan. It is expected that about one hundred and twenty-five delegates, from all parts of the Province, will attend the two conventions.

DUNCAN, Nov. 3.—A short meeting of the North Cowichan Municipal Council was held here yesterday. Mr. J. Douglas Grove, chairman of the North Cowichan school board, submitted a statement showing the amount expended by the board in providing additional accommodation at Chemainus School, amounting to \$4,550.10, with one more small account to be added, for an estimated expenditure of \$45. Mr. D. V. Dunlop submitted a claim for compensation for the loss of forty-three racks of wood, which he alleged had been destroyed by a fire caused by municipal employees. This claim will be dealt with at the next meeting of the council.

#### Navy League Will Show German Film Of U. Submarine

DEEP COVE, Nov. 3.—On Tuesday, November 3, by the courtesy and kind co-operation of Mr. H. Keith, proprietor of the Auditorium at Sidney, the Deep Cove Branch of the Navy League of Canada has the opportunity of showing an unique film to the district.

This is "The Log of the U-Boat 25," an authentic film taken from this German submarine in the Mediterranean, shown to the German public during the war all over Germany. Ultimately, like many larger items of German naval property, it came into the hands of the British Admiralty.

This film has been prepared with considerable care by the Germans, and shows none of the ghastly human tragedies which were an inevitable part of these scenes. But the glimpse of the five British captains, prisoners of the German navy, and the tiny sea-sweep deck of the submarine for their short spell of fresh air and exercise, is an extraordinary pathetic.

There are some magnificent scenes of Allied merchantmen and sailing vessels making valiant efforts to cope with the submarine.

#### Farmers' Institute Meets at East Sooke

EAST SOOKE, Nov. 3.—A meeting of considerable interest to the farmers' institute was held at Ragley on Monday night. The chief subjects were the Victoria Fair and securing a car load of feed. Mr. C. Whitney Griffiths and Mr. W. H. Mearns, the secretary of the B.C. Agricultural Association, were the speakers, and gave much useful information. It was unanimously decided to enter for the district exhibit, and another meeting will be called shortly to make arrangements about committees, etc.

The "feed" question was well gone into, and the president and vice-president are left to offer prizes for the best children's garden next summer. Prizes were also kindly offered for the purpose by Mr. Whitney Griffiths, Mr. Mearns and Mr. H. Thornton. Details will be worked out at the next meeting. Notice was given of the concert and dance to be held at Luxton Hall on November 4 for the Hall building fund. The concert will commence punctually at 8:30 p.m. Mr. Walker proposed a hearty vote of thanks to the speakers, which was warmly endorsed by the twenty-nine present. One new member joined, making a total of thirty-three. Refreshments were provided.

#### Holds Dance

Another of the series of dances given under the direction of Mrs. George Simpson was held in the Luxton Hall last night, there being a good attendance from Victoria, and vicinity. Ray Kinloch's three-piece orchestra supplied the music and refreshments were served.

#### First Card Party Held

BRENTWOOD, Nov. 2.—The first card party of the season to be given under the auspices of the Nanaimo Athletic Association, was held in the Agricultural Hall, Nanaimo, on Saturday evening, October 31, twelve tables being engaged in play. It is the intention of the association to run these card parties fortnightly and a prize will be given for the highest score during the season for lady and gentleman.

The president, Mr. R. D. Pope, made a few remarks welcoming the players, hoping to see them again, also all new ones. He also announced the formation of a badminton club, and the athletic association are asking the consent of the Agricultural Society for the use of the hall. The following officers have been elected: President, Mr. R. D. Pope; vice-president, Mr. Wm. Derrington; secretary-treasurer, Mr. Wright; Mr. Ned Richardson, manager; and Mr. Mike Lennox, captain of the basketball team. The secretary, Mr. Wright, will be pleased to have applications for any games from all teams.

The following were the prize winners on Saturday evening: First, Mr. J. Roberts, Mr. R. Nimmo, Mr. R. D. Pope and Councillor L. C. Hagan, with thirty-four flags; second, Mrs. A. M. Mackenzie, Mrs. R. D. Pope, Mr. J. Malcolm and Mr. Bill MacNally, with twenty-three flags; consolation, Mrs. Edna Butler, Father Schelen, Mr. Bourgeois and Mr. Peter Turgoose. The next game will take place on Saturday evening, November 14.

#### Tenders for Sidewalks

COURTENAY, Nov. 3.—In the absence of Mayor Duncan, Alderman T. Pearce was elected chairman at last night's regular council meeting at the City Hall. The aldermen present were Messrs. E. L. Macdonald, J. W. McKennie, P. Field and Heber Cooke.

#### Bill at Post Office

From the report of Alderman McKennie, chairman of the Works Committee, it is probable that the necessary bill in front of the old postoffice on Union Street will soon be in the hands of contractors, as satisfactory arrangements are being completed with the Provincial Public Works Department and Mr. Joseph McInnes, the owner of the property. The matter is now in the hands of Alderman McKennie, who will probably call for tenders for the work which would be laid before the next regular meeting of the City Fathers.

Mr. J. M. Mitchell, City Solicitor, attended and reported on the matter of appropriation of part of Mr. D. Roy's property at the back of Union Street for the purpose of widening the lane at the rear of the Booth Block. A definite offer had been made to Mr. Roy amounting to seven hundred dollars. This offer had been refused however, and a special meeting of the Council will probably be called on receipt of further information by Mr. Mitchell.

#### Approach to New Building

A proposed cement sidewalk between the Royal Bank and the new postoffice was discussed. Alderman McKennie quoted the estimated cost as being \$150 per lineal foot, six feet wide. Alderman Cooke wanted to know how such a sidewalk could compare with a wooden sidewalk, and was informed that the cost of cement would be approximately double. Alderman Macdonald explained that the Dominion Government had gone to a good deal of trouble in constructing the cement sidewalks along the new postoffice, besides laying lawns, and he thought that the city should at least undertake to provide an approach in keeping with the new building. On suggestion of Alderman Cooke tenders are to be called for this work.

Alderman Field brought up the matter of tax penalties. He thought the ten per cent imposed on the first of July was a hardship and mentioned the fact that there was a further five per cent if the taxes were not paid by October 1. Taxpayers should be encouraged to pay earlier in the year, he thought, and some inducement should be offered them to do so rather than penalize them at a later date. Unpaid tax money often had to be borrowed when interest had to be paid on the money. If there was any interest to be paid the taxpayer should have the opportunity of receiving the benefit in the form of an inducement to pay his taxes earlier in the year, as there were many who would be glad of the chance.

#### Brown's River

Mr. C. B. Wood submitted a most interesting report of his findings when on a recent trip to the source of the city's water supply at the head of Brown's River. He has taken advantage of an opportunity to accompany Messrs. Black and Brown and had gone in with a pack horse.

#### Five Weeks' Session Is Hope of All Members

"Short and snappy." That is the term used yesterday by members of the Conservative party in expressing their hopes regarding the present session of the British Columbia Legislature. Asked just what they meant by "short and snappy," the universal definition was "five weeks."

The ambition was eagerly echoed by the Government supporters, so that there is a good probability of the session winding up its affairs at the end of the first week in December.

Mace's prices on printed-in-Victoria personal Christmas cards include no commissions for canvassers. Visit their store, View Street, and see how you benefit by this in price, quality and selection.

Mr. Dennis also accompanying them. He regretted that Alderman McKennie and Macdonald had found it impossible to leave on the day that the start had been made. It was evident from Mr. Dennis's report that there is a wonderful park-like territory among the mountains at the back of Courtenay, with some of the most gorgeous scenery to be seen anywhere in British Columbia. There is now a good trail right into the heart of this country. The report indicates that there is an inexhaustible water supply for the city from this source, and suggests that the city should endeavor to effect a reserve on all the timber in the Brown's River watershed as it could probably be done much easier now than at a later date.

#### Parade to Calm

The secretary of the Armistice Day committee wrote inviting the civic authorities to attend the parade to the memorial cairn at Sandwick on Sunday. Alderman Pearce reported on the better housing scheme.

#### North Cowichan Eight Assured

Spirited Contest Probably Rising  
Out of Chemainus School  
Controversy

DUNCAN, Nov. 3.—A spirited contest for municipal honors in North Cowichan at the annual elections next January is foreshadowed by the extraordinarily large number of applications which have been filed at the municipal office by householders in the rural district for inclusion on the municipal voters' list.

This is in striking contrast to the apathy which has been shown in this regard in former years. Last year but a single householder applied to have his name added to the list of voters, throughout the whole of the month of November.

#### Bishop Back From Visit to Holy See

Rt. Rev. Thomas O'Donnell Tells  
St. Andrew's Cathedral Con-  
gregation of Interview

At the two morning services at St. Andrew's Cathedral on Sunday, Rt. Rev. Thomas O'Donnell, Bishop of Victoria, who has just returned to his diocese after a visit to Rome, told something about an interview with His Holiness, Pope Pius XI, which he had had recently at the Vatican. He had surprised him greatly, said the Bishop, to discover how much the Pope knew about the Victoria diocese and the work of the Catholic Church in this far Western part of the continent generally.

Bishop O'Donnell left early in July for Rome, in connection with the celebrations of Holy Year which continue right up to the beginning of 1926. The celebration attracted pilgrims in great number from every part of the world, and impressive ceremonies, carried out with much pomp, are daily occurring.

At the 11 o'clock service on Sunday the Bishop conferred the special papal blessing in the name of the Pope.

#### Tablet Unveiled To Heroic Ranger

Port Neville Deed of Self-Sacrifice Marked at Parliament Buildings

Lasting recognition of the heroism of the late Mr. Oliver Gosnell Clark, British Columbia forest ranger, who gave his life in a forest fire last summer in order that the inhabitants of the settlement of Port Neville might be saved, was made yesterday morning when a tablet commemorating the ranger's act of supreme sacrifice, was unveiled.

Premier Oliver, who officiated at the ceremony, declared that Mr. Clark's act had been "a deed of heroism unsurpassed in British annals." The unveiling was attended by a large number of members of Parliament and civil servants who were co-workers with the deceased.

The text of the tablet is as follows: "To the memory of Oliver Gosnell Clark, ranger, British Columbia Forest Service."

Who lost his life in the noble discharge of duty on the twenty-fifth day of June, 1925, at Port Neville, B.C.

"A fire, of which he had charge, was whipped beyond control by a sudden change of wind, leaving only a few minutes for escape. Ignoring his own danger, Clark carried the warning to his crew and saw them safely to rafts and boats in the bay. He returned to the logging camp to make sure that no one had been misled. His body was subsequently found by his comrades—his forest service badge clasped tightly in his lifeless hand—bearing mute testimony that under the supreme test he had magnificently conceived and nobly discharged his duty. Ranger Clark has gone but has left with us an inspiring example of heroism and devotion to duty, which will persist until the last forest fire is conquered and completely out."
